Nervy Shopkeeper Scares Armed Bandits Away With Fake Phone Call

A steel-nerved shopkeeper Friday night told two masked men who attempted an armed robbery that his wife was calling the police and they beat it.

Mr. and Mrs. William Vavoulas of 612 No. 27th were in their refreshment stand when two men, described by Vavoulas as in their late teens or early twenties, came to the door about 11:10 p.m.

One shoved a gun in the door and told Vavoulas, "This is a stick-up. Give me all you've got or I'll kill you."

No Phone

"I told my wife to call the police," Vavoulas said. Actually there is no phone in the shop.

The gunmen apparently became panicked and they ran down the street. A neighbor three houses away from the stand said he heard someone run between his house and the next one about the time of the robbery attempt.

Vavoulas described the gun as about six inches long, of the old revolver type.

Into State Some Rain Will Fall

At least some portions of thirsty Nebraska can expect moisture this week end.

Occasional light rain or snow is to begin falling in western and northern Nebraska Saturday, the Weather Bureau predicted, and is expected to spread into the central and north Saturday night.

The Arctic air moving into northern Nebraska from Wyoming and Idaho will bring with it colder temperatures, with highs near 50 in the northwest and around 70 in the southeast Saturday.

Showers fell in Chadron Friday night.

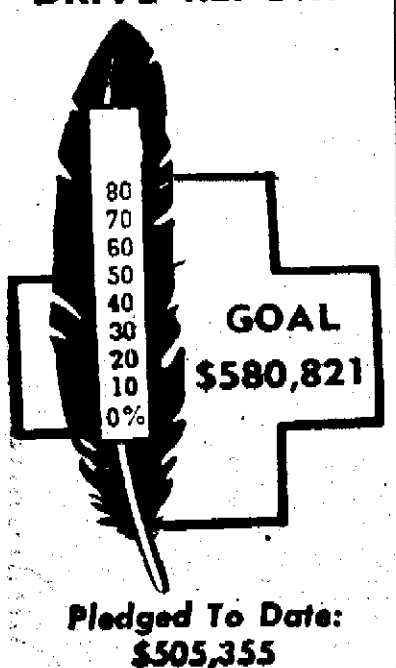

And by Sunday, the Bureau said, there is "a definite threat of the most severe storm of the season developing in the Plains States."

The many Nebraskans who have gone west and helped the University of Colorado set an all-time attendance record for an athletic event probably will watch the Colorado-NU football game in cool, cloudy weather at Boulder.

High temperatures in Nebraska Saturday are expected to range from the upper 40s in the northwest to around 70 in the southeast, where the Lincoln Air Base reported a high for the state of 70 on Friday.

Sidney's 24 degrees was the lowest of many below-freezing temperatures recorded in Nebraska overnight. Lincoln's low of 36 degrees brought a light frost.

UNITED FUND DRIVE REPORT

His wife said the one that held the gun had "dark hair and dark eyes."

They were bare-headed and both wore tan jackets and handkerchiefs over their mouths according to Vavoulas. He said he did not see or hear a car in the vicinity before or after the attempted hold-up.

The business establishment, known as the Rainbow Refreshment stand, is located at 610 No. 27th.

-H-BOMB TEST ISSUE- Adlai Says Ike View 'Madness' Stevenson Says President Move Against Ban On Blasts Because Of Me Would Be 'Disturbing'

By ARTHUR EDSON
ALBUQUERQUE, N.M. (AP)—Adlai E. Stevenson said Friday it would be "deeply disturbing" if President Eisenhower decided not to call for a ban on hydrogen bomb tests simply because Stevenson had suggested it first.

The Democratic presidential nominee said newspaper reports have said that "officials in the Eisenhower administration themselves have been advocating substantially the same proposal which Eisenhower has described as 'incredibly foolish' and a 'theatrical gesture.'"

"It would be deeply disturbing, not only to me but to many Americans, I am sure, if the President had called off action toward an international ban on hydrogen bomb testing because his political opponents dared propose such a course."

It was the second time Friday that Stevenson had gone into the hydrogen bomb question. Both here and in a noon meeting at Rock Island, Ill., Stevenson used the same word to describe the course he said the President is taking — "madness."

"Where does this madness end?" he asked Friday night in New Mexico, where the first atomic bomb was exploded.

"Terror"

And in Rock Island, he said Eisenhower's course is a policy "of trying to preserve peace by a preponderance of terror."

Stevenson said his suggestion to halt the bomb has been misrepresented.

"This proposal aims at halting, not research or development or stockpiling, but only one thing. It aims at halting the explosion of these dreadful weapons."

"This proposal has been cynically and systematically misrepresented in the course of this campaign. I regret to say that the President of the United States has lent himself to this misrepresentation."

Stevenson's talk Friday night, made at the airport and broadcast over a New Mexico, radio-television network, was his last stop on his way to California where he will make another pitch for that state's 32 big electoral votes.

Bigger

His speech here wasn't as rough as his earlier one in Illinois where he said Eisenhower's course suggests that both the United States and the Russians keep up a race to develop bigger and bigger bombs.

"What does Mr. Eisenhower propose then?" Stevenson asked. That we go ahead with the development of the cobalt bomb to try to gain another advantage?"

Stevenson said this race could

10-Year-Old David's Hallowe'en Happy, Not Scary

Hallowe'en came a bit early to the home of the Warren (Bob) Engler's of 6040 Judson when seven little hobgoblins came to call on 10-year-old David Engler to present him with "treats."

Seven youngsters, who are the children of members of the Eagle Auxiliary, decided that instead of going out for "tricks or treats" they would bring presents to a very surprised young lad who has been ill with muscular dystrophy for the past four years.

Bright-eyed David was almost speechless with surprise as he greeted the clowns, pixies, ghosts and gypsies who brought him candy, toys and jack-o-lanterns.

Joining in the festivities, and just as overwhelmed as their big brother, were seven-year-old Nancy and three-year-old Tommy Engler.

Mrs. Engler, who knew about the "surprise," said she had been hard-pressed to keep the secret from her youngsters who sensed that something big was going to happen.

SIS-BOOM! TEAM WINS

Queries poured into police headquarters Friday night that explosions were rocking the neighborhood in the vicinity of 56th and A.

Police checking found the noise simply a victorious homecoming celebration for the Pius X High School football game.

--Food Scarce In Budapest-- REBELS GAIN

Col. Hoisington New 818th Commander ... Succeeds Gen. Putnam At LAFB

Col. Perry M. Hoisington III has been appointed commander of the 818th Air Division at the Lincoln Air Force Base, succeeding Brig. Gen. Claude E. Putnam Jr.

Announcement of the appointment was made Friday by Strategic Air Command Headquarters in Omaha.

Gen. Putnam, who commanded the B-47 Division at Lincoln since November 1954, is currently a patient at the Offutt Air Force Base Hospital.

His new assignment has not been announced. He was admitted to the hospital Sunday night for "observation and diagnosis," according to LAFB officials.

Col. Hoisington, who had been acting commander since Monday, was formerly with the North Atlantic Treaty Organization in Europe. He began his first assignment with the Strategic Air Command at Lincoln in May, and had been scheduled to assume command of the 98th Bomb Wing in mid-November.

With LeMay In WW II

He served under Gen. Curtis LeMay in Asia during World War II. A 1939 West Point graduate, he was the first commander of the Atomic Test Center at Kirtland Air Force Base, N.M., immediately after World War II.

During the war, he led the first B-29 movement to India and China, flying 22 missions in the China-Burma-India Theater.

A command pilot, Col. Hoisington has been decorated with the Silver Star, Distinguished Flying Cross, the Air Medal, three unit citations and the Commendation Ribbon.

COL. P. M. HOISINGTON III

Hungarians Massacred CASUALTIES MOUNT TO UNTOLD THOUSANDS

VIENNA (Saturday) (AP) — Budapest's anti-Red revolution blazed across western Hungary Saturday to the borders of Austria on a widening panorama of reeking war and death.

Anti-Red Hungarians also were reported gaining against Soviet-led armed force in south Hungary.

Casualties mounted into many uncounted thousands. The rebels fought through a fourth straight night, rejecting the Hungarian Communist regime's latest ultimatum to down arms or die.

Some Russian tanks were reported to have joined the rebel side in Budapest.

The situation outside flaming Budapest was roughly this:

1. Rebels were reported to have wrested much of western Hungary from combined Soviet and Red Hungarian forces.

2. Travelers streaming into Austria from Hungary said rebels were holding much of south Hungary with the added help of miners and striking workers.

Rebels Win Border City

Travelers said they were told the rebels had seized the Russian headquarters city of Miskolc near the Czechoslovak border.

Rebels talking across the frontier to reporters in Austria said an independent Hungarian government had been set up at Győr, industrial city just across the border. Its capture was reported earlier.

The rebels said they were short of supplies, but were getting machineguns, anti-tank guns and even some artillery from deserting Hungarian army units. They predicted the Russians would try to storm Győr later today.

A Hungarian doctor appearing dramatically at the frontier said Russian soldiers massacred 75 peasant demonstrators only 10 miles from the Austrian border.

Other eyewitnesses said Soviet soldiers shot down rebellious farmers, their wives and children in farms and villages.

Austria sent troops to the frontier, promised asylum for refugees and warned it would resist any Red attempt to pursue fugitives across the border.

Soviet Jets Attack

Witnesses said the rebels appeared to be gaining despite the armed might of Soviet and Hungarian tanks, artillery and jet planes.

Heavy fighting still was reported in Budapest, where the revolt began Tuesday. The Hungarian government warned that if more than three persons assembled anywhere in Budapest they would be shot.

Food was becoming drastically short in battle-scarred Budapest, travelers said. People were allowed to go into streets to buy food only from 6 a.m. to 10 a.m.

The rebellion apparently had touched off a general strike throughout Hungary.

Traffic Paralyzed

Railway traffic was reported paralyzed except for troop movements. Shipping on the Danube was halted. Highway traffic was hazardous. Both Communist troops and rebels were halting cars.

All Hungarian telephone and telegraph communications were cut with the outside world. The government's Budapest Radio still broadcast but monitors said its power seemed to be ebbing. There was no explanation.

A new Communist government headed by Premier Imre Nagy reportedly broadcast promises of a new deal for all.

Nagy pledged higher wages, more food, more freedom and negotiations for withdrawal of the hated Russian troops.

But even though Nagy now is premier and another reformed "Titoist," Janos Kadar, heads the ruling Communist party the people did not appear ready to believe their promises.

Radio Budapest gave no total casualty figures but some travelers estimated, at least 10,000 had been killed or wounded.

The revolt rolled up close to the Austrian frontier with what a Hungarian doctor described as a massacre at the village of Maynau.

MISSING BASE AIRMEN NOW OFFICIALLY DEAD

The 50 Lincoln Air Force Base men and nine Navy crewmen aboard the military plane lost over the Atlantic Oct. 11 have now been classified as "missing and presumed to be dead."

The area of the Atlantic disaster, believed to be some 350 miles out from the southern tip of England, will continue to be searched for the next 10 to 15 days in hopes of finding additional parts of the missing plane, according to Lincoln Air Force Base officials.

Through the recovery of parts, said the officials, it is hoped that the cause of the crash can be determined.

The plane's passengers were being returned to their Lincoln Base from overseas training in England. Days of searching for the missing craft failed to turn up any hope of survivors.

Memorial services for the dependents and parents of the lost men will be held Monday in the Base chapel. Base personnel will also attend the services.

City officials have formally extended Lincoln's sympathy to the families of the missing men. In a proclamation by Mayor Bennett Martin, this Monday has been set aside as a day of memorial for the men.

It is a day, Martin proclaimed, for the citizens of Lincoln to "humbly pay tribute to the memory of these gallant men." All flags in the city will be flown at half-mast Monday from sunrise to sunset.

Fire Water

The Wallace Cowdens of 3310 W found they had their own special brand of fire-water Friday afternoon—a kind that starts fires. A bottle of water laying on the car seat magnified Ole Sol's heat rays. The warm car seat turned from a hot spot into a small blaze. Nearby firemen doused the fire, containing the damage to the front seat. (Star Photo)

57,200 Lincoln Voters 'In Book' For Record

A record high Lincoln registration is expected to mean a good vote in November but the party affiliation split shows the results will be about the same.

For what it may mean, there are 33,502 voters registered as Republicans, 21,837 as Democrats and 1,671 as non-political. The percentage of split is identical to that of 1952 when 58 per cent or 32,568 persons were registered Republican, 39 per cent or 21,252 as Democrats and 4 per cent or 1,659 as non-political.

The final day of registering Friday was a reversal of the total figures as 334 of the 613 new registrations were Democrats and 232 Republican.

Total registration now stands at 57,020, the highest on record. The past high was 55,845 in May, 1953.

Election Commissioner Harold Gillett said he expects the Nov. 6 vote to reach about 55,000, including some 7,000 to 8,000 votes outside the city limits but in Lancaster County. He added, however, that bad weather could easily cut 10,000 votes from the total.

The 55,000 vote mark was just topped in the 1952 presidential year election when city registration stood just a little below the current figure.

Man Sought After Iowa Girl Beaten

MARSHALLTOWN, Ia. (AP)—A 6-year-old girl was kidnapped and beaten by her abductor before she was let out of his car near Baxter, Ia., about 20 miles southwest of here, Sheriff Asa B. Landes said Friday night.

The sheriff, who declined to disclose the name of the girl, said Mrs. Austin Reynolds, a farm woman near Baxter, aided the girl after the beating.

The sheriff quoted the girl as saying the man beat her with a belt and a whip.

The girl was examined at a hospital and doctors said there was no evidence of rape. She was badly bruised on the buttocks and lower back, however.

FOOTBALL RESULTS

Omaha South 26 Lincoln 7.
Pius X 7 Omaha St. Joe's 0.

CAT IS LOST; BUT LOOK AT WHO LOST IT

This is sort of man-bites-dog type news.

Only it's about a cat—and nobody got bit.

Humane Society Superintendent Harold Deacon, who makes a career out of finding and tending to other people's pets, has reversed things. He is now asking the public to help, if it can, to find his own lost cat.

While the name of "Tom" would be no great help, Deacon also has a description of the lost cat which shows it to be about four years old, orange color, short-haired and wearing a small brown studded collar.

The animal has been a Society shelter house pet for the past two years. A three-day search by Deacon has failed to turn up any clues of Tom's whereabouts.

The final day of registering Friday was a reversal of the total figures as 334 of the 613 new registrations were Democrats and 252 Republican.

Total registration now stands at 57,020, the highest on record. The past high was 55,845 in May, 1953. Election Commissioner Harold Gillett said he expects the Nov. 6 vote to reach about 55,000, including some 7,000 to 8,000 voters outside the city limits but in Lancaster County. He added, however, that bad weather could easily cut 10,000 voters from the total.

The 55,000 vote mark was just topped in the 1952 presidential year election when city registration stood just a little below the current figure.

Hungarians Massacred CASUALTIES MOUNT TO UNTOLD THOUSANDS

VIENNA (Saturday) (AP) — Budapest's anti-Red revolution blazed across western Hungary Saturday to the borders of Austria on a widening panorama of reeking war and death.

Anti-Red Hungarians also were reported gaining against Soviet-led armed force in south Hungary.

Casualties mounted into many uncounted thousands. The rebels fought through a fourth straight night, rejecting the Hungarian Communist regime's latest ultimatum to down arms or die.

Some Russian tanks were reported to have joined the rebel side in Budapest.

The situation outside flaming Budapest was roughly this:

1. Rebels were reported to have wrested much of western Hungary from combined Soviet and Red Hungarian forces.

2. Travelers streaming into Austria from Hungary said rebels were holding much of south Hungary with the added help of miners and striking workers.

Rebels Win Border City

Travelers said they were told the rebels had seized the Russian headquarters city of Miskolc near the Czechoslovak border.

Rebels talking across the frontier to reporters in Austria said an independent Hungarian government had been set up at Győr, industrial city just across the border. Its capture was reported earlier.

The rebels said they were short of supplies, but were getting machineguns, anti-tank guns and even some artillery from deserting Hungarian army units. They predicted the Russians would try to storm Győr later today.

A Hungarian doctor appearing dramatically at the frontier said Russian soldiers massacred 75 peasant demonstrators only 10 miles from the Austrian border.

Other eyewitnesses said Soviet soldiers shot down rebellious farmers, their wives and children in farms and villages.

Austria sent troops to the frontier, promised asylum for refugees and warned it would resist any Red attempt to pursue fugitives across the border.

Soviet Jets Attack
Witnesses said the rebels appeared to be gaining despite the armed might of Soviet and Hungarian tanks, artillery and jet planes.

Heavy fighting still was reported in Budapest, where the revolt began Tuesday. The Hungarian government warned that if more than three persons assembled anywhere in Budapest they would be shot.

Food was becoming drastically short in battle-scarred Budapest, travelers said. People were allowed to go into streets to buy food only from 6 a.m. to 10 a.m. The rebellion apparently had touched off a general strike throughout Hungary.

Traffic Paralyzed
Railway traffic was reported paralyzed except for troop movements. Shipping on the Danube was halted. Highway traffic was hazardous. Both Communist troops and rebels were halting cars.

All Hungarian telephone and telegraph communications were cut with the outside world. The government's Budapest Radio still broadcast but monitors said its power seemed to be ebbing. There was no explanation.

A new Communist government headed by Premier Imre Nagy reportedly broadcast promises of a new deal for all.

Nagy pledged higher wages, more food, more freedom and negotiations for withdrawal of the hated Russian troops.

But even though Nagy now is premier and another reformer "Titoist," Janos Kadar, heads the ruling Communist party the people did not appear ready to believe their promises.

Radio Budapest gave no total casualty figures but some travelers estimated, at least 10,000 had been killed or wounded.

The revolt rolled up close to the Austrian frontier with what a Hungarian doctor described as a massacre at the village of Mayarovar.

Atoms-For-Peace Machine Starts Rolling

U.S. Gives A Large Batch Of Uranium

... 70 Nations Sign

UNITED NATIONS, N.Y. (AP) — President Eisenhower launched the new International Atomic Energy Agency Friday with a contribution of 11,000 pounds of nuclear material.

The United States, he said, also will give as much of such material as all other nations contribute until 1960. No other nation has formally pledged atomic material to the agency.

The President's message was delivered by Lewis L. Strauss, chairman of the U.S. Atomic Energy Commission, as representatives of 70 nations signed the agency's charter at ceremonies here in the U.N. General Assembly Hall.

The charter was adopted unanimously Tuesday by the 82-nation conference, creating a world organization devoted to peaceful uses of atomic power. Eisenhower proposed such an agency in December 1953.

Plan Power Plants
Underdeveloped nations will apply to the agency for fissionable material contributed by the major atomic powers. They will build atomic power plants and start research and other projects with technical assistance from the agency.

The President said, "assuming that all nations represented at the conference undertake parallel steps—within their capabilities—together we can overcome the obstacles that lie ahead and prove to each other that international controls are not only feasible but generally acceptable as a way to achieve peace."

Dinner Will Honor Sears Scholarship Winners Tuesday

University of Nebraska winners of scholarships provided by the Sears-Roebuck Foundation and the local store will be honored at a dinner, Oct. 30.

Mead Rogers, of the Foundation in Kansas City, Mo., will present certificates to the students at the annual event, which will be held at 6 p.m. in the Cornhusker hotel.

Scholarship winners include: Barbara Breunbach, Virginia; Sharon Crom, Bladen; Sally Miller, Hartington; Jane Savener, Wymore; Judy Sieler, Spencer; Margaret Stahl, Milford; Levia Te Selle, Bennet; Mary Walters, Lincoln;

Keith Coffey, Phillips; Larry Davis, Rising City; Larry Goller, Campbell; Charles Hammer, Greenwood; Charles Homolka, Western; Larry Ragon, Lincoln; Norman Rohlfing, Talmage; Richard Rouse, Nelson; Charles Syslo, Fullerton; Roger Wehrlein, Plattsmouth; James White, Bassett; Larry Wulf, Blair; and James Christensen, Wolbach.

Future Teachers Meet

Among 125 students attending the annual meeting of the Future Teachers Association at Nebraska Wesleyan University were (left to right) Myrna Warnken,

Midland College; LaVonne Tompkins, York College; Jeanette Scharfberg, York College; and Emil Kahler, Union College.

MENTAL HEALTH ASSOCIATION HERE DISCUSSED

Steps by which a Lincoln-Lancaster County mental health association can be formed were discussed Friday night by Recovery Unlimited, a group of former mental patients.

Recovery Unlimited has planned a meeting for Nov. 12 at which a field representative of the National Association of Mental Health will explain the need for such an association.

Representatives from counseling groups such as the YMCA, YWCA and Family Service will be invited to attend the meeting.

The representative will suggest techniques for planning and set down the paramount projects. Such an association would distribute reliable information, accept financial contributions, help to raise standards and work toward the conservation of mental health.

Jury Unable Agree After 15 Hours; Mistrial Declared

A Lancaster District Court jury was unable to reach a verdict Friday in the trial of William T. Smith, 49, of Omaha, on a charge of breaking and entering a motor vehicle.

Judge John Polk declared a mistrial after the jury deliberated about 15 hours and stated they could not reach a verdict.

The state had charged that Smith entered a car owned by A. G. Amos with intent to steal property while the vehicle was parked near 8th and Q last Sept. 17.

But the defendant, who had "been drinking with some friends," contended he had been asked to get a friend's suitcase from a car "down the street" and mistakenly entered the wrong car.

Judge Polk ordered Smith held for a new trial under \$2,000 bond.

Good Hunting

QUEBEC — Hunters killed 1,245 moose in the 10-day season in Quebec Province this year. Last year the season lasted 17 days and only 1,075 moose were bagged.

SOVIET TROOPS MARCH

BERLIN — Communist leaders in East Germany begged their restive people Friday night to resist the fever of revolt engulfed Hungary.

The regime backed up its pleas by cancelling army leaves and putting 120,000 army troops on emergency alert to crush any anti-Soviet uprising, making 270,000 soldiers and security police now on standby orders.

Western sources reported some crack Soviet divisions of the 400,000 man Soviet garrison have gone on a war footing.

Red organizers sent black-overalled "worker fighting groups" singing and marching through East German cities in so-called "loyalty demonstrations" under the shadow of the secret police. East Germans watched in silence as the groups marched by.

Rallies
The Communist party staged rallies in factories, schools and army barracks to plead for loyalty and to warn of what they call the "Fascist putsch" unleashed in Hungary. Reliable Eastern sources said some factory meetings backfired.

"Tell us the truth... no more lies," some workers shouted as Communist speakers declared the government in Hungary already has crushed the rebellion.

Starved for news of events in Hungary and Poland, some East German workers stole into free West Berlin to bring back Western newspapers.

The East Berlin radio and Communist newspapers gave vague and sometimes confused accounts of Hungarian developments, reflecting indecision in the minds of red leaders. None of the newspapers or radio stations carried Hungarian Premier Imre Nagy's promise to negotiate withdrawal of Russian troops from that country.

Col. John Campbell, chief of staff of the Air National Guard, was master of ceremonies.

Among the speakers were Brig. Gen. Davis Wade, chief of staff of SAC from Omaha; Maj. Gen. Guy Henninger, state adjutant general; Maj. Gen. Fred C. Tandy, adjutant general for Iowa; Albert Held, president of the Lincoln Chamber; Col. Perry Hossington, commander of the 81st Air Division at the Air Base, and Chamber officials from Wyoming.

An open house for the general public will be held Sunday afternoon from noon to 4 p.m. In addition to a tour of the new buildings, the public will see displays of aircraft and equipment.

An open house will also be held Saturday night for wives and friends of the members of the Air Guard units.

Jacob W. Cohen, 51, Lawyer, Dies

Jacob Warren Cohen, 51, of 1130 So. 47th, died Friday.

A native of Lincoln, he was a graduate of the University of Nebraska Law School. He had practiced law and had also been a druggist at Weeping Water.

He was a member of Liberty Lodge 300, AF&AM, holding a 25 year pin; and a member of Scottish Rite, Shrine, and the American Legion. He was past commander of Legion Post 237 at Weeping Water.

Surviving are his wife, Marjorie; sons, Donald and Michael, both of Lincoln; sister, Mrs. Sarah Seldman, Miss Edith Cohen, and Miss Rose Cohen, all of Lincoln; three brothers, Louis Cohen of New York, N.Y., Morris Cohen of San Diego, Calif., and Max Templein of Hollywood, Calif.

Mrs. Oelling Denies Charge; Trial Nov. 10

A 28-year-old woman, charged with being intoxicated in a Lancaster District Courtroom, pleaded innocent Friday in County Court.

Mrs. Fern Oelling, of 100 West P had appeared in District Court Thursday for her jury trial on an appeal charge of contributing to the delinquency of minors. She was ordered removed from the courtroom following a hastily-called conference of attorneys in the judge's chambers.

What Candidates Doing Saturday

By The Associated Press
This is what the major party presidential and vice-presidential candidates are doing Saturday.

ADLAI STEVENSON — Speaks at rallies in San Francisco and Los Angeles.

PRESIDENT EISENHOWER — Enters Walter Reed Army Hospital in Washington for physical examination.

VICE PRESIDENT NIXON — Speaks at rallies in Santa Rosa, Fresno and Bakersfield, Calif.

SEN. ESTES KEFAUVER — Speaks at rallies in Martinsburg, W. Va., and in Hagerstown, Frederick, Timonium and Glen Burnie, Md.

United Fund Drive Now At 87 Per Cent

The foods and services division was the first to go over its goal as the United Campaign of the Lincoln Community Chest and Red Cross added \$13,187 Friday and reached 87 per cent, or \$505,353, of the overall goal.

Tom O'Donnell was division general for foods and services. An additional \$71 brought the division total to \$27,042, which is 101.5 per cent of the goal.

Colonels who received "oscar" as their regiments reached their goals were Vincent Collura for office equipment, Roland Andersen for specialized professional, Roger Larson for amusements and Mrs. Wayne Farmer for a unit in the women's division.

The \$305,353 overall total included \$293,079 in advance gifts, \$38,116 in industrial and automotive, \$36,502 in business and professional, \$36,739 in public departments and \$13,387 in the women's division, besides the foods and services total.

The advance gifts division added \$6,110 to reach 88 per cent of its goal; industrial and automotive, \$1,802 for 81 per cent; business and professional, \$883 for 82 per cent; public departments, \$3,334 for 82 per cent and women's division, \$467 for 93 per cent.

4 DEAD IN C-119 CRASH

NEWVILLE, Pa. — An Air Force C-119 Flying Boxcar smashed into the side of a mountain near this central Pennsylvania community Friday night killing all four crew members.

A spokesman for the Olmsted Air Force Base near Harrisburg said the craft crashed into the mountain, exploded and then burst into flames.

The spokesman, Harold Hickernel, public relations officer at the base, said there were four men aboard the craft and all perished. Hickernel said the plane apparently crashed in a light rainfall. It was en route from Smyrna, Tenn., to the Olmsted base where it was to pick up cargo and return to the southern base.

Dense Woods
Rescue workers were hampered in their efforts by craggy terrain, dense woods and the slippery soggy condition of the ground due to several days of heavy rainfall.

The plane is used by the Air Force to carry cargo or troops. When on cargo missions it carries a crew of four or five.

Hickernel said no identification of the dead was available.

He said the plane was scheduled to arrive at Olmsted about 4 p.m.

Three hours after its scheduled arrival time reports were received that it had crashed and exploded. Two hunters gave first reports to state police.

Lincoln Youth, 14, Wounded Here In Hunting Accident

A 14-year-old Lincoln youth was released from the hospital Friday after being accidentally shot in both legs by a companion in a farm field near 60th and Q.

Police said that George Panavics, of 535 So. 30th was standing in front of some tall sunflower stalks when Dennis Cooney, 14, of 620 So. 30th, accidentally shot him.

The bullet struck Panavics' left leg near the shin bone and glanced off, striking the right leg.

Plymouth Man Dies In Crash

PLYMOUTH, Neb. — A 27-year-old Plymouth area farmer was killed instantly Friday night when his car went out of control near Plymouth. He was Delma, Grummett, son of Mr. and Mrs. Carl Grummett of Plymouth.

County Sheriff Devo Hughes of Fairbury said the car driven by Grummett evidently struck loose gravel and overturned several times. The accident occurred on a half mile north of Plymouth.

Grummett who was alone and driving south, was found in the back seat of his car by another motorist, Waldo Nickel of Swanton, who notified authorities.

Surviving Grummett besides his parents are one brother, Vernon of Plymouth, and a sister, Mrs. Leola Kremer of Talmage.

He's Traumatized for the Future. Your car's too is forming habits now that will be important in later life. Your suggestions on ways to lead improve will be appreciated. Noid's Circulation Dept.

New Air Guard Buildings Are Dedicated

Formal dedication of Air National Guard buildings totaling \$2 million in value was held Friday night at the south end of the Lincoln Air Force Base.

The new structures include a hangar, base supply warehouse, motor vehicle repair building and paint storage building.

A group of Lincoln businessmen and the Chamber of Commerce from Casper, Wyo., summer field training camp home for the Air Guard—nearly 300 in all—attended the ceremonies.

At the formal dedication Governor Victor Anderson cut the ribbon signifying the opening of the new buildings, though the Air Guard has been moving into the buildings since the third week in August.

Col. John Campbell, chief of staff of the Air National Guard, was master of ceremonies.

Among the speakers were Brig. Gen. Davis Wade, chief of staff of SAC from Omaha; Maj. Gen. Guy Henninger, state adjutant general; Maj. Gen. Fred C. Tandy, adjutant general for Iowa; Albert Held, president of the Lincoln Chamber; Col. Perry Hoisington, commander of the 818th Air Division at the Air Base, and Chamber officials from Wyoming.

An open house for the general public will be held Sunday afternoon from noon to 4 p.m. In addition to a tour of the new buildings, the public will see displays of aircraft and equipment.

An open house will also be held Saturday night for wives and friends of the members of the Air Guard units.

NEW \$8.5 MILLION SAC HEADQUARTERS TO BE A PRIME TARGET

By DEL HARDING
Star Staff Writer

OFFUTT AIR FORCE BASE, Omaha — The \$8.5 million Strategic Air Command's new headquarters building which would be

Giant SAC Chart Room

The kneeling photographer (left, foreground) and the new Strategic Air Command headquarters building. The photograph shows only about one-half of the 260-foot long room.

the prime target during an attack on the United States was thrown open to newsmen Friday. The control center will supervise the operations of 3,000 SAC jet bombers and 200,000 service personnel throughout the world.

Constructed of heavily reinforced concrete set on a slab-type foundation, the center has three stories above ground and three below.

Scheduled for completion and occupancy in December, the new center will replace four other buildings now being used to house the vast SAC operations headquarters.

Direct Hit

Air Force officials said the center would be the "must" target of an enemy attack, as it controls all SAC operations. They said it would take a direct hit by a nuclear weapon to destroy the underground quarters.

SAC has long claimed that its

powerful, nuclear-equipped fighting force spread throughout the globe is the biggest deterrent to a possible aggressor.

An estimated 750 civilians and service personnel—including SAC commander Gen. Curtis E. LeMay and his staff—will work in the center. The above-ground building is connected with the underground quarters by a tunnel. The two sections have a combined total of one-half million square feet of floor space.

2,500 Telephones

Auxiliary power backs up a main power source and air conditioning is supplied by a 2,200-ton refrigeration system. Office com-

munications will be handled by more than 2,500 telephones. The center also has its own sewage system.

A closed-circuit television set-up will make it possible for conferences to be held without having the participants leave their offices. An electronic alarm system installed on the roof automatically will signal an attack.

Perhaps the most unique feature of the underground quarters is a huge U-shaped chart room, 260 feet long with two wings, each 120 feet long. Located in the bottom two underground stories, it is refrigerated the year around because of the heat from 130 spotlights and flood lights which make it

possible to televise chart room proceedings.

Eight electronic clocks, accurate to within 1-1000th of a second, show the time around the world.

Charts containing various types of tactical information—including weather reports and location of SAC aircraft throughout the world—will be mounted on 8 by 20-foot sheet metal and structural steel panels. The panels will be mounted on tracks and manually operated.

The above-ground building, about 600 by 300 feet, is primarily an administrative unit. Facilities include a 500-man cafeteria, post office and barber shop. A

combined theater-briefing room is adjacent to the center.

In case of an emergency, personnel on the above-ground floors would double-up with the underground staff. An underground decontamination room is available for persons caught in radio-active fallout.

Brig. Gen. C. F. Dreyer, director of SAC headquarters installations, and Maj. C. V. Ellis, liaison officer for construction of the center, said the Friday showing may be the only "public" tour of the structure.

A tight security clamp will be placed on the center once it is put into operation, and only key personnel will be allowed to enter.

Teachers Agree Pupils Are Smarter Than Ever

By HARRIET ASHLEY
Star Staff Writer

A cross-section of teachers attending the District I convention of the Nebraska Education Association in Lincoln agreed with speaker Dr.

Education Groups Elect New Officers

Four groups connected with the Nebraska State Education Association announced election results Friday.

Guilford Burnham of Lincoln was elected president of the Mental Hygiene Association at a meeting attended by nearly 130 teachers.

Mrs. Alice Youngs of the new vice-president and Mrs. Marie Maris will serve as secretary-treasurer. Both are from Lincoln.

Heading the Department of Classroom Teachers is Mrs. Marion Holt of Beatrice, who was re-elected director. Assistant director is Betty Saunders of Lincoln.

James Wall of Waverly is secretary and Verla Frank of Harvard, treasurer.

Richard Sedlacek of Crete is the new president of the English Teachers, assisted by Paul Benjamin of Lincoln as vice president. Mrs. Beatrice Pyle of Blue Springs is the secretary-treasurer.

Special Education teachers elected Mary Andersen of Lincoln president and Mrs. E. Louise Beeson of Beatrice vice president. Secretary-treasurer is Mrs. Vivian Smith of Lincoln.

Here In Lincoln

Taxes Assessed — Inheritance taxes of \$6,023 in the estate of Hilborn Chestman Crabtree, Lincoln resident who died March 11, have been assessed in Lancaster County Court. The estate's value at death was \$59,279.55. Sole beneficiaries were Vera Elizabeth Priller and Chestman Lee Brown, both of Denver, Colo., non-relatives of the deceased.

Frank McIntyre that "youngsters today are smarter than ever." Dr. McIntyre, formerly a dean of Norfolk Junior College, said, "Ever since the year '0' the younger generation has been looked down on by the older generation."

He said that students now spell better than ever before and have more general knowledge than many older people.

Well Informed

In interviews teachers backed up Dr. McIntyre in expressing the belief that on the whole the elementary school child of today is very well informed through radio and television.

One teacher, who said she had returned to the profession after being away for 25 years, said she was "amazed at the vocabulary of students on the primary level."

Dr. McIntyre said that 90 per cent of the news about children is bad and urged the teachers "to popularize being a good student."

'Behavior Good'

"We are not really honest with ourselves when we say all children are bad," he said, "because good behavior is the rule, rather than the exception."

"One reason people are concerned is that they think they are paying more money for education, but they fail to realize we have undergone inflation," he said. "Money for education is falling behind comparatively," he noted.

Dr. McIntyre, who is now public relations director for the Southern Section of the California Teachers Association, said that in Los Angeles twenty 45 years ago 11 per cent of high school age youngsters were in school, compared with 90 per cent now.

'RED CHINA WILL HIT S.E. ASIA FIRST'

... Teachers Are Told

"Communist China will invade southeast Asia first," according to William McGovern, professor of political science at Northwestern University, who spoke to the Nebraska Education Association Friday.

McGovern, who worked with the joint chiefs of staff during World War II, predicted that Viet Nam would be first on the list, then Si-am and Burma.

In deciding what the enemy is likely to do, he said, 15 per cent of the decision is based on a study of these three points: economic factors, ideological factors and the anthropology and sociology of the people.

McGovern said Malaya, Indonesia, Java and Sumatra also are on the Communist list for invasion.

Philippines Last

"The Philippines will be last because of the United States," McGovern said.

He said he based his predictions on three points and the location of needed raw materials. The Suez Canal is vital only for oil and the U. S. can supply its own oil, he said, but not that of its allies.

"I do not believe there will be a shooting war in the Middle East," he said.

He stressed the need for knowing and understanding the race, language and religion of other nations in learning how to protect the United States and promote better foreign relations.

Just The Pheasant Season

If Nebraskans are awakened this morning by the crash of gun fire it will be all right to roll over and go for another 40 winks. It is just the opening of the 1956 pheasant season.

Gun fire in this country is a connotation of the recreational spirit. It is not to be confused with the harrying experiences which in some countries attend governmental reform and expression of the public desire, if not will. Currently there is open season in Hungary. The game there for Russian arms are those humans

who wish to be free. Here we will have our hunting season and later a national election in an atmosphere of goodwill — a contrast here worth noting.

Meantime, the game commission advises Nebraska hunters to remain within the six bird possession limit and suggests the hunting will be better where there are irrigated fields—more water, food and cover.

The season this year will extend through November 15.

De Boer Is Optimistic

Despite the recollection of two federal refusals Deway De Boer, general manager of the Nebraska Public Power System, predicted to Nebraska irrigation and reclamation interests that federal appropriations will be won for the Fort Randall-Grand Island electric transmission line applicable to the 1958 budget.

Meantime, De Boer could see where a critical power shortage would be fended off until 1959 by extraction of power from sources other than those of the NPPS. He mentioned new sources mainly coming from the 100,000 kw plant under construction by Central Public Power and Irrigation District at Lexington and from the projected 100,000 kw plant expansion by the Omaha Public Power District. If the 230 kilovolt transmission line from the Missouri Basin can be injected into the picture the Nebraska power problem would clear considerably.

Although Nebraska's case for added federal power failed to swing two successive Congresses the arguments are valid, and time is emphasizing rather than diminishing them. The precedent of preference argues in favor of Nebraska while the economics of the state's heavy summer demand timed in with the Missouri Basin's heavy summer output further recommends the line as one of reciprocal benefits. And there is the further factor principally of interest to Nebraska as a public power state. It is the continuation of the principle of low cost power so essential to the Nebraska economy.

Mr. De Boer's prediction is optimistic but prudent and a good memory counsels a wait and see attitude. The Nebraska congressional delegation has looked anything but impressive in its past two tries.

Now, The Details

Budapest, astride the Danube, history tells us, long has been accustomed to violence. There the races have met, and there the ambitions for control of Europe have clashed even more frequently around the diplomatic table.

There is no surprise, then, in the reports of the struggle in Budapest which began at the start of the week. It does appear that the battle for the gay Hungarian capital, rivaled only by Vienna itself in glittering fable and fact, has been much more sanguine than anticipated. Radio Budapest itself, Friday giving its first casualty report since the rebellion against the Russians and Hungarian Communists began on Tuesday last, acknowledged that hundreds had been killed and thousands wounded. The unofficial reports reaching western capitals of Europe said the number of dead was much greater. One report received in Belgrade put the number of dead alone at 20,000. And still

another report insisted that the entire population of Budapest, a metropolis of more than a million, had been asked to help fight the raging fires.

We will not know the truth or falsity of these reports for some time, if they are of any interest to the American people. They should interest us because constantly for months now we have been led to believe that the outlook or the prospects for peace are brighter than they have been since the close of hostilities in Korea. This we doubt. It is impossible here in the United States for its people to reach any intelligent judgment with reference to developments in Poland. And when it comes to Hungary, it is even more difficult for the free peoples of the West to understand or to assess what is taking place in the Hungarian capital.

This much we do know. Any struggle drawing to it the numbers which seem to be affected in Budapest adds to the likelihood of spreading war to other parts of a country. And when a country becomes involved in civil strife, the danger to the world itself becomes greater. Our global conflicts did not start on a vast scale. They were small blazes in the beginning, which spread.

Of Men And Things

In 10 days America's voters—millions of them—will go to the polls. It is decision day. A presidential campaign has been shortened—more than a month cut off between the nominating conventions and the beginning fireworks. In more thoughtful spirit, we believe the average voter will confirm this conclusion. Never has the voter been so ill prepared to cast an intelligent ballot—never has it been assumed he is schooled in foreign policy to a greater degree than he actually is.

The shortness of the campaign is not responsible for that. We are told that there are no issues—that this has been a campaign without issues—a campaign in which it is impossible to challenge the party in power, campaigning on the framework of peace and prosperity. The strategy has called for a soothing syrup.

It has insisted no one should be disturbed. At the opening of the week, Mark Childs, a most competent, capable observer, wrote that in the field of international policy, President Eisenhower, Secretary of State Dulles, and their associates have followed one simple pattern. That has been to brush everything under the rug. As a result, affairs in the Middle East have dropped out of sight. Storm signals may be flying, but if they are, we are not expected to know it until after election day. There had been a sanguine battle in the streets of the beautiful capital of Hungary for more than 72 hours when this was written, but what do we know about it, destruction in the city itself, the casualties and the actual outcome of what we are told has been bitter fighting between Communist and anti-Communist groups? Now the unofficial details are leaking out. One report places the number of dead at 20,000—thousands more injured.

A short, short campaign, and yet we are called upon to cast a ballot. What do we know about developments in Hungary? What do we know about Poland? What do we know about North Africa, Egypt, the Suez Canal, or the Far East? We are at peace, it is said over and over again, and yet we must maintain millions of men under arms and be ready for any emergency that develops.

For all doubts that may arise, there is one and only one stock answer. We are told to pin our hopes upon Ike. Without the President to chart its course, the party asking to be returned to power again makes no pretense of having someone within its ranks capable of supplying the leadership called for in these dangerous days. Ten days to go. What do we know—what do we vote—about the merits of this issue of discontinuing or continuing the H-bomb tests? Many of our scientists support Mr. Stevenson. Fewer of those who have taken the public position support Mr. Eisenhower. What, then, is the course of wisdom to be determined by a group of voters obviously without qualification to express judgment resting upon scientific knowledge? Here at home where the issues have been simplified, who is there among us capable of anticipating the economic developments which in at least two instances are casting lengthening shadows? What of the family-size American farm? What of small business? What of hard money? What about full employment? We have gotten the short campaign which we wanted, and in the very nature of our times we will vote more blindly.

In the confusion and uncertainties, another month or six weeks for discussion would be of no value. Our problems are too complex for quick understanding and even more so for quick decision. This presidential campaign of 1956 in long-range terms could be so fatal.

DREW PEARSON

Second Yalta Stirs Satellites

WASHINGTON—The recent historic events in Poland—perhaps the most historic since the founding of the Soviet Union in November, 1917—probably had an important beginning at the recent Yalta conference between Marshal Tito and party boss Nikita Khrushchev.

Naturally, it has been difficult for American diplomats to find out exactly what happened at this session. However, here is how they have pieced the story together and the manner in which it led to the revolt in Poland.

For some time Khrushchev has had trouble with the Stalin wing of the Communist party, headed by ex-Foreign Minister Molotov, which opposed Khrushchev's soft policy toward such party rebels as Tito. Khrushchev had ordered military barriers and fortifications removed between Austria and Hungary, fortifications that had taken years to erect; so their destruction meant that armed rule in the satellites was definitely on the way out.

The satellites knew this and began to get restless. Molotov, sensing their restlessness, bucked at Khrushchev's soft policy.

This resulted in a series of inner Kremlin debates in which Khrushchev battled it out with Molotov and the Stalinists. He won. How complete his victory was cannot be ascertained, but in the view of some observers it was so complete that plans were started to try the dead Stalin for treason.

Certainly it was a complete enough for Khrushchev to fly to the Adriatic side of Brioni to assure Tito that Soviet sniping against him would be a thing of the past.

ED FITZHUGH

The Constancies In A Changing World

This is a different kind of a world we're living in than it has ever been before, the man said. Maybe it is, but I'm getting awfully tired of not hearing someone mention that it is the same old kind of a world, too, in the ways that really count.

The man was the principal speaker at a meeting I went to. He was a distinguished man, with a lot of honors tacked on behind his name and a lot of academic and economic accomplishments to his credit.

But what he said was the same old thing. Times change. Conditions change. Science opens up new frontiers. We can't live any more the way we used to.

You've heard it a hundred times. Sure, times change. They've got airplanes that will take you to London in the time it used to take to drive to Aunt Mary's. But the wind makes the same ripples in the grass it used to make, and a man who watches them from the airport limousine can feel the same old wonder that filled the heart of the man who drove to Aunt Mary's.

Sure, conditions are different. There's a shorter week in the factories, and a faster way of moving. But a smile from a friend and a gentle greeting from the people waiting at home at day's end bring the same old happiness they always have brought, and there's not much chance that it will ever be different.

It's true, too, that science has created new frontiers, but when in history weren't there new frontiers? It's true that nations wrangle

Stalinists were still critical and satellite leaders were still undercutting. He had experienced friction with Hungary, where Communist leaders had fired insults.

At this point, according to American diplomatic information, Khrushchev not only promised there would be no more sniping, but in a spirit of brotherhood, invited Tito to fly to Yalta to meet Soviet leaders and be convinced for himself. Tito took him up. With only his wife and secretary and no armed guard, Tito flew to Yalta—even though he hates to fly.

The story from that point on becomes somewhat cloudy. It is known that various Soviet leaders were called in to confer with Tito. Apparently he was given the assurances he was promised.

For when he came back to Belgrade he immediately began acting as if he had won everything he wanted at Yalta.

He conferred almost immediately with Italian Communist leader Luigi Longo; then began a series of conferences with Hungarian and other satellite leaders. What he told them is not known, but presumably he told them that he had got the green light in Yalta to conduct his own independent brand of Communism separate from Moscow.

Whatever he said, word of Tito's triumph spread like wildfire through the satellites. He had got away with thumbing his nose at Moscow, so other satellites—notably Poland—decided that what Tito had done they could do too.

Rumblings in Poland began within almost days after Tito returned from Russia. They also started in Hungary. It looks as if the much-criticized policy started by Dean Acheson and continued by Dulles of aiding Tito had begun to pay off.

(Copyright, 1956, by R. B. Syndicate, Inc.)

and politicians shout and writers worry, but was there ever a time when they didn't? The atom has been broken and space is being challenged, and these things are new—as new to us as the first wheel was to the man who turned it.

There have been some changes made, but the scent of blossoms on a night breeze still opens the soul to beauty, and the way a young mother looks at her infant is the way mothers have always looked, and will always look, with something of eternity in their eyes.

Courage and strength and tenderness haven't changed and, God willing, will never change. There's a warmth of feeling in a handshake and a smile that was known to the ancients, and is no different today. There's honor in loyalty and dishonor in cowardice, and it has always been thus and always will be so.

Yes, times have changed, for man was made to change things, and to create new problems and meet them, and change again. But the boy walking barefoot through the dust still feels akin to nature, and the man grown still envies the boy his dusty toes.

Charity and tolerance, faith and honesty—they were qualities honored by the Persians and the Medes, by the Romans and the Greeks. Honored, and sometimes violated, and today these are qualities to which men pay honor and which men sometimes violate, but probably no more than they ever did.

DORIS FLEESON

New York Weighing Adlai's H-Bomb Stand

NEW YORK—Adlai Stevenson concluded his New York campaigning with a surprisingly successful tour of the suburbs, thought to be Republican strongholds. It was a happy ending to a rather grim trip.

His Madison Square Garden rally had been loud and enthusiastic. It is no trick for experienced people to put on a successful Garden show for practically anything, including a two-headed calf. This is, after all, a city of eight million people who love entertainment.

What Stevenson encountered here in private was discouragement over his prospects, factional quarrels and recriminations among leading party figures and soundings of public opinion which give President Eisenhower an overwhelming lead.

Through it all he moved with his personal dignity unimpaired, his fighting spirit unburnished. If he shared the pessimism of some of his aides, he gave no sign of it; in fact, he was fighting harder at the end than at the beginning.

New York is the acid test of Stevenson's attack on the President for failing to give real leadership in foreign policy and the possible menace to survival of continued H-bomb tests. This great polyglot population is actually conscious of America's role as world leader; it gets more and better information about foreign affairs than any other spot in America.

The United Nations headquarters is here.

If New York utterly refuses to accept the validity of Stevenson's charges on which he has staked his fate, it is hardly likely that any other place will.

The soundings, which now seem to presage his defeat, were largely taken before what he has been doing lately had had time to sink in. The next week will be crucial. By then he has either made a dent or he hasn't and it should be showing up rather plainly.

The burden is, therefore, on the party organization to produce its normal heavy Democratic majorities. If it does not, Carmine G. De Sapio, Tammany leader, has heard only the first of a long series of boos. The first came at the Garden rally from Stevensonsians who believe De Sapio is dogging it in the campaign. They base their charge in part on apparent defections in areas where the Irish and Italian Catholic influence, which De Sapio represents, is normally strong.

De Sapio denies it. If a post-election analysis shows great slouching and defections, his excuses will have to be good.

Governor Averell Harriman has been extremely active in the campaign at every level. So has Mrs. Eleanor Roosevelt. Senator Herbert Lehman has been indefatigable.

A THOUGHT FOR THE SABBATH

Stories Of Famous Hymns

O Zion, Haste

O Zion, haste, thy mission high fulfilling,
To tell to all the world that God is Light;
That He who made all nations is not willing
One soul should perish, lost in shades of night.

Behold how many thousands still are lying,
Bound in the darksome prison-house of sin,
With none to tell them of the Savior's dying,
Or of the life He died for them to win.

Proclaim to every people, tongue and nation
That God in whom they live and move is love;
Tell how He stooped to save His lost creation,
And died on earth that man might live above.

Give of thy sons to bear the message glorious;
Give of thy wealth to spend them on their way;
Pour out thy soul for them in prayer's victorious,
And all Thou spendest, Jesus will repay.

Chorus: Publish glad tidings,
Tidings of peace;
Tidings of Jesus,
Redemption and release.

By HORACE B. POWELL

Interest in missions led Mrs. Mary Ann Thomson of Philadelphia to write this popular hymn in 1896.

Sitting up one night with one of her children who was ill with a fever, Mrs. Thomson decided to make a missionary hymn which could be sung to one of her favorite hymn tunes, the music which the composer, Henry Smart, had fitted to Frederick William Faber's famous hymn, "The Pilgrims Of The Night."

When she found difficulty in getting a refrain that suited her, Mrs. Thomson put her pen aside, and it was three years before she completed her hymn poem.

City Charter

Lincoln, Neb.

To the editor of The Lincoln Star: The great haste being shown by certain individuals to make basic alterations in the city charter is very obvious. For many years we were told that the present city charter was the best in the West. Now, all of a sudden and out of the thin air, we are told that it is shot through with glaring deficiencies.

There is still some protection for the average individual under the existing city charter. Under the proposed revisions, there will probably be few or any guarantees of personal privileges. They will have been eliminated in favor of the specially privileged.

I don't think we need a new city charter, though we do need a few new city officials to properly administer its existing provisions.

LEO H. BARTUNEK

Errors Of The Might

Omaha, Neb.

To the editor of The Lincoln Star: In the historical evaluation of great political issues and their outcome, favorable or otherwise, it has been discovered that much too often and often too much, the mere opinions of men with mighty names, of men with thundering fame, have been accepted as the essence of wisdom by the generality. In doing so, it is now well known that they laid themselves open to the enactment of the most ruinous errors.

Hence it would be better within democratic representative government where the people are to decide on important measures, were the great overshadowing names reconsidered at the prevailing common denomination. It would be wiser were the democratically placed individual to fend himself from the factitious forces which have been leading the public mind captive.

If the electorate, the millions, were to place faith in no particular man's opinion, were to examine all questions themselves, and decide according to the intrinsic merit of that which is up for acceptance, the worthiness of this process would imbue more millions with the urge and need to accept like responsibility.

Over all this reasoning for the betterment of the processes, for the substitution of inquiry and challenge in place of rote-like, hasty concession to names of fame may be hoisted the axiomatic warning from history — "The errors of the mighty are deadly, and persist." The errors of the small do but little harm, individually or even collectively. And as to the errors of the many, when they are not as often transient and retrievable, they together with the complainants are swept up by time to reappear as the elements and variations of history.

WALTER GABRIEL

Housing Ordinance

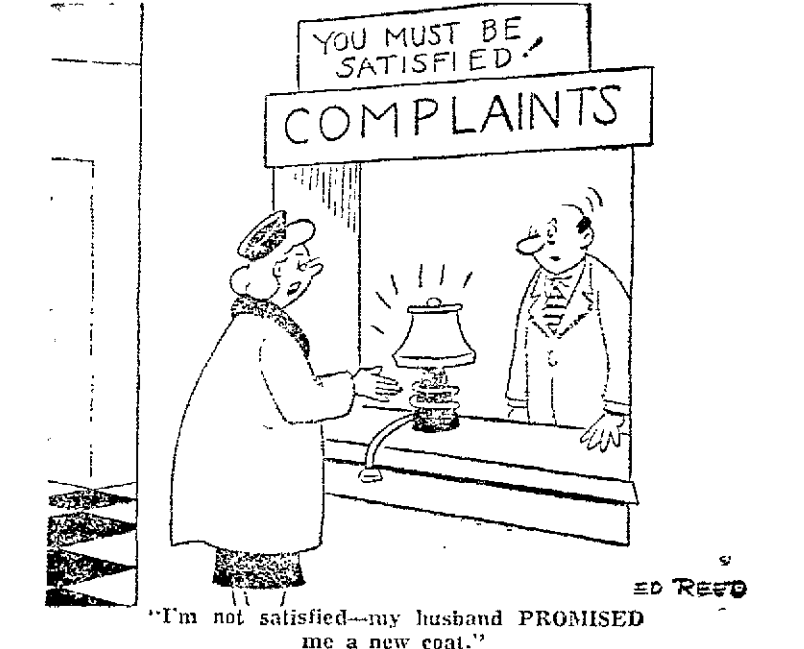

Lincoln, Neb.

To the editor of The Lincoln Star: The housing ordinance is on the move. It was introduced before the Council last Monday and got its first reading. The plan is to read it a second time next Monday, and on the following Monday, the day before election, to read it a third time and pass it. If this ordinance passes as it now stands, it will affect every person in Lincoln and will work great hardship on many of us.

(1) Most readers of this paper do not know that if this ordinance passes, you will be threatened with a fine of \$100 per day and six months in jail, or both, for every day that your house does not conform to the new standards. How are you going to like that?

(2) If you build a new house, you must have at least 150 square feet of floor space for the first occupant and at least 100 square feet for every additional occupant. Your bedroom must have 70 square feet for the first sleeper and at least 50 square feet per person for two or more. This is just fine, but remember, when your first baby is one year of age, you must either build onto your house or

Just The Pheasant Season

If Nebraskans are awakened this morning by the crash of gun fire it will be all right to roll over and go for another 40 winks. It is just the opening of the 1956 pheasant season.

Gun fire in this country is a connotation of the recreative spirit. It is not to be confused with the harrying experiences which in some countries attend governmental reform and expression of the public desire, if not will. Currently there is open season in Hungary. The game there for Russian arms are those humans

who wish to be free. Here we will have our hunting season and later a national election in an atmosphere of goodwill — a contrast here worth thought.

Meantime, the game commission advises Nebraska hunters to remain within the six bird possession limit and suggests the hunting will be better where there are irrigated fields—more water, food and cover.

The season this year will extend through November 18.

De Boer Is Optimistic

Despite the recollection of two federal refusals Dewey De Boer, general manager of the Nebraska Public Power System, predicted to Nebraska irrigation and reclamation interests that federal appropriations will be won for the Fort Randall-Grand Island electric transmission line applicable to the 1958 budget.

Meantime, De Boer could see where a critical power shortage would be fended off until 1959 by extraction of power from sources other than those of the NPPS. He mentioned new sources mainly coming from the 100,000 kw plant under construction by Central Public Power and Irrigation District at Lexington and from the projected 100,000 kw plant expansion by the Omaha Public Power District. If the 230 kilovolt transmission line from the Missouri Basin can be injected into the picture the Nebraska power problem would clear considerably.

Now, The Details

Budapest, astride the Danube, history tells us, long has been accustomed to violence. There the races have met, and there the ambitions for control of Europe have clashed even more frequently around the diplomatic table.

There is no surprise, then, in the reports of the struggle in Budapest which began at the start of the week. It does appear that the battle for the Hungarian capital, rivaled only by Vienna itself in glittering fable and fact, has been much more sanguine than anticipated. Radio Budapest itself, Friday giving its first casualty report since the rebellion against the Russians and Hungarian Communists began on Tuesday last, acknowledged that hundreds had been killed and thousands wounded. The unofficial reports reaching western capitals of Europe said the number of dead was much greater. One report received in Belgrade put the number of dead alone at 20,000. And still

another report insisted that the entire population of Budapest, a metropolis of more than a million, had been asked to help fight the raging fires.

We will not know the truth or falsity of these reports for some time, if they are of any interest to the American people. They should interest us because constantly for months now we have been led to believe that the outlook or the prospects for peace are brighter than they have been since the close of hostilities in Korea. This we doubt. It is impossible here in the United States for its people to reach any intelligent judgment with reference to developments in Poland. And when it comes to Hungary, it is even more difficult for the free peoples of the West to understand or to assess what is taking place in the Hungarian capital.

This much we do know. Any struggle drawing to it the numbers which seem to be affected in Budapest adds to the likelihood of spreading war to other parts of a country. And when a country becomes involved in civil strife, the danger to the world itself becomes greater. Our global conflicts did not start on a vast scale. They were small blazes in the beginning, which spread.

Well, What D'ya Know

We can report that the Brooklyn Dodgers are doing no better in Japan than they did against the Yanks in the World Series. The Japanese All-Stars have taken two out of three from them and to show that the Yanks have nothing on them they knocked Don Newcombe out of the box the first inning.

Could be that the Dodgers are suffering a post-Series letdown. Again it could be that they are playing better ball in Nippon than most people realize. At any rate the popular conception that Japanese teams are made up of pint-sized people who can't punch the ball out of the infield needs a little making over. Also the assumption that the winner of the World Series is, ipso facto, the world champion.

Much as we regret that the Dodgers are having it rubbed in twice in one year it has to be conceded that the arrival of a time when beating Brooklyn does not constitute beating the world would be most welcome, and we might add the one further thing that baseball needs.

Editorial Of The Day

Underestimating

(From the Milwaukee Journal)

It is more than six weeks since non-Egyptian pilots quit their Suez Canal jobs. This, you may recall, was expected to tie up canal traffic and bring President Nasser of Egypt to heel in a hurry.

Said a British government agency at that time: "Without the services of the present corps of pilots the Egyptians will not be able to continue to pass the present volume of traffic through the canal."

Well, traffic is continuing at a normal pace. The Egyptian pilots got along, by working overtime, until they could be spelled by some Russian pilots, a few Poles, Czechs and Yugoslavs, along with several Americans.

The president of Britain's shippers said recently that reports from British captains on canal navigation told of "no difficulty or trouble worth mentioning."

It reminds one of other myths based on alleged national superiority. Remember the one after World War I about how the Russians could not run machines? And the one of early World War II days that the Japanese could not fly airplanes because of some odd defect of their ears?

The business of underestimating other peoples' abilities can be pretty ridiculous sometimes. And occasionally dangerous.

Second Yalta Stirs Satellites

WASHINGTON—The recent historic events in Poland—perhaps the most historic since the founding of the Soviet Union in November, 1917—probably had an important beginning at the recent Yalta conference between Marshal Tito and party boss Nikita Khrushchev.

Naturally, it has been difficult for American diplomats to find out exactly what happened at this session. However, here is how they have pieced the story together and the manner in which it led to the revolt in Poland.

For some time Khrushchev has had trouble with the Stalin wing of the Communist party, headed by ex-Foreign Minister Molotov, which opposed Khrushchev's soft policy toward such party rebels as Tito. Khrushchev had ordered military barriers and fortifications removed between Austria and Hungary, fortifications that had taken years to erect; so their destruction meant that armed rule in the satellites was definitely on the way out.

The satellites knew this and began to get restless. Molotov, sensing their restlessness, bucked at Khrushchev's soft policy.

This resulted in a series of inner Kremlin debates in which Khrushchev battled it out with Molotov and the Stalinists. He won. How complete his victory was cannot be ascertained, but in the view of some observers it was so complete that plans were started to try the dead Stalin for treason.

Certainly it was complete enough for Khrushchev to fly to the Adriatic isle of Brioni to assure Tito that Soviet sniping against him would be a thing of the past.

TITO WON

Tito had complained that although Moscow had opened its arms and welcomed him like a long-lost brother a few months before, the

Stalinists were still critical and satellite leaders were still undercutting. He had experienced friction with Hungary, where Communist leaders had fired insults.

At this point, according to American diplomatic information, Khrushchev not only promised there would be no more sniping, but in a spirit of braggadocio, invited Tito to fly to Yalta to meet Soviet leaders and be convinced for himself. Tito took him up. With only his wife and secretary and no armed guard, Tito flew to Yalta—even though he hates to fly.

The story from that point on becomes somewhat cloudy. It is known that various Soviet leaders were called in to confer with Tito. Apparently he was given the assurances he was promised.

For when he came back to Belgrade he immediately began acting as if he had won everything he wanted at Yalta.

He conferred almost immediately with Italian Communist leader Luigi Longo; then began a series of conferences with Hungarian and other satellite leaders. What he told them is not known, but presumably he told them that he had got the green light in Yalta to conduct his own independent brand of Communism separate from Moscow.

Whatever he said, word of Tito's triumph spread like wildfire through the satellites. He had got away with thumbing his nose at Moscow, so other satellites—notably Poland—decided that what Tito had done they could do too.

Rumblings in Poland began within almost days after Tito returned from Russia. They also started in Hungary. It looks as if the much-criticized policy started by Dean Acheson and continued by Dulles of aiding Tito had begun to pay off. (Copyright 1956 By Bell Syndicate Inc.)

A THOUGHT FOR THE SABBATH

Stories Of Famous Hymns

O Zion, Haste

O Zion, haste, thy mission high fulfilling,
To tell to all the world that God is Light;
That He who made all nations is not willing
One soul should perish, lost in shades of night.

Behold how many thousands still are lying,
Bound in the darksome prison-house of sin,
With none to tell them of the Savior's dying,
Or of the life He died for them to win.

Proclaim to ev'ry people, tongue and nation
That God in whom they live and move is love;
Tell how He stooped to save His lost creation,
And died on earth that man might live above.

Give of thy sons to bear the message glorious;
Give of thy wealth to speed them on their way;
Pour out thy soul for them in pray'r victorious;
And all Thou spendest, Jesus will repay.

Cho. Publish glad tidings,
Tidings of peace;
Tidings of Jesus,
Redemption and release.

By HORACE B. POWELL

Interest in missions led Mrs. Mary Ann Thomson of Philadelphia to write this popular hymn in 1868.

Sitting one night with one of her children who was ill with a fever, Mrs. Thomson decided to make a missionary hymn which could be sung to one of her favorite hymn tunes, the music which the composer, Henry Smart, had fitted to Frederick William Faber's famous hymn, "The Pilgrims Of The Night."

When she found difficulty in getting a refrain that suited her, Mrs. Thomson put her writing aside, and it was three years before she completed her hymn poem.

Errors Of The Mighty

Omaha, Neb.

To the editor of The Lincoln Star: In the historical evaluation of great political issues and their outcome, favorable or otherwise, it has been discovered that much too often and often too much, the mere opinions of men with mighty names, of men with thundering fame, have been accepted as the essence of wisdom by the generality. In doing so, it is now well known that they laid themselves open to the enactment of the most ruinous errors.

Hence it would be better within democratic representative government where the people are to decide on important measures, were the great overshadowing names reconsidered at the prevailing common denomination. It would be wiser were the democratically placed individual to fend himself from the factitious forces which have been leading the public mind captive.

If the electorate, the millions, were to place faith in no particular man's opinion, were to examine all questions themselves, and decide according to the intrinsic merit of that which is up for acceptance, the worthiness of this process would imbue more millions with the urge and need to accept like responsibility.

Over all this reasoning for the betterment of the processes, for the substitution of inquiry and challenge in place of rote-like, hasty concession to names of fame may be hoisted the axiomatic warning from history — "The errors of the mighty are deadly, and persist." The errors of the small do but little harm, individually or even collectively. And as to the errors of the many, when they are not as often transient and retrievable, they together with the complainants are swept up by time to reappear as the elements and variations of history.

WALTER GABRIEL

Housing Ordinance

Lincoln, Neb.

To the editor of The Lincoln Star: The housing ordinance is on the move. It was introduced before the Council last Monday and got its first reading. The plan is to read it a second time next Monday, and on the following Monday, the day before election, to read it a third time and pass it. If this ordinance passes as it now stands, it will affect every person in Lincoln and will work great hardship on many of us.

(1) Most readers of this paper do not know that if this ordinance passes, you will be threatened with a fine of \$100 per day and six months in jail, or both, for every day that your house does not conform to the new standards. How are you going to like that?

(2) If you build a new house, you must have at least 150 square feet of floor space for the first occupant and at least 100 square feet for every additional occupant. Your bedroom must have 70 square feet for the first sleeper and at least 50 square feet per person for two or more. This is just fine, but remember, when your first baby is one year of age, you must either build onto your house or

move out. Suppose you move. When the next child is a year old, you move again — and so on. Suppose you build. For every addition to your family you must build on an additional 100 square feet and 50 square feet of bedroom area. This ordinance is going to pick up business for the carpenters and the moving vans.

(3) The requirements for new houses do not apply to houses already built, so even though your house hasn't all this lovely floor area per person, you can sit back and take a long breath. But hold! Suppose you have a fire or other damage to your house. Suppose that for any reason you wish to rebuild, repair or remodel. The costs of labor and materials are high. It won't be long till you have spent more than 50 per cent of the assessed valuation of your property.

In that case you must make your house conform to every standard of the ordinance that applies to that one.

(4) Here is a situation that could happen in any house, old or new: You are renting a couple of apartments, perhaps two tenants in one and three in the other. These tenants may be saving up to pay off the mortgage on their farm, or they may be elderly, living on \$65 per month. They wish to economize and are perfectly contented to share the bath.

Never mind what they are contented to do. If your low-cost apartment has no kitchen sink with hot and cold water, you had better install one before the inspector barges in. Then measure your apartments. If the habitable area is more than 350 square feet each, you have three choices: Put in another bathroom, evict one family and close the apartment, pay your \$100 fine and start serving your six months' jail sentence. When you come back, you can still put in the bath, evict the poor tenants, and charge the new ones enough rent to get interest on your money.

(5) Every house in town from the governor's mansion to the poorest bachelor's shack must submit to inspection at any time the health officer gets ready to come in. The ordinance inserts the word "reasonable" but that is just another way to be funny. There is nothing reasonable about a law that violates Article IV of the Bill of Rights, United States Constitution.

(6) Whenever the mayor discovers what he chooses to call an emergency, he may, without notice or hearing, evict you and your tenants and padlock your house, order effective immediately. Whenever such unlimited power is given to any one man, the rest of us had better start digging ourselves cyclone cellars.

Underground Water Study Is Requested

Shelton Man Elected Head Of Irrigators

HOLDREGE, Neb. (AP) — The Nebraska Irrigation Assn., Friday elected new officers and adopted a set of resolutions similar in many respects to resolutions adopted Thursday by its companion organization, the Nebraska Reclamation Assn.

The two groups wound up a joint convention Friday, but business sessions were held separately.

Gordon H. Robbins, Shelton, was named president of the irrigators, advancing from the first vice presidency to succeed George A. Munn of Ord.

George Brumfield of Hershey was named first vice president.

Nebraska News

Albert Kjar of Lexington second vice president, and Dan S. Jones Jr., Lincoln, secretary-treasurer.

While the reclamation group called for a general water conservation law for the state, the irrigation assn. asked additional funds from the Legislature for investigation and studies on the use of underground water and asserted it would oppose any legislation dealing with control of underground water until studies are completed.

New Constitution

Another resolution authorized a new constitution, the first major revision made by the association since the early 1940s. The changes would broaden the membership.

Other key resolutions: Called for a separate executive department for the administration of irrigation, water power and drainage.

Urged that the federal budget include funds for the proposed 220KV transmission line from Fort Randall Dam to Grand Island, Neb.

Gering Project Urged

Urged authorization of the Gering Valley flood control project in western Nebraska.

Recommended that irrigation districts be made political subdivisions of the state. This resolution noted that some legal questions have arisen on this point. Favored the principle of local administration of any ground water legislation.

Requested the Board of Regents of the University of Nebraska to provide funds in its biennial budget for increased service and planning help for farmers in planning new irrigation systems.

Urged federal legislation to "confirm and establish" the title of the states lying wholly or partly west of the 98th meridian to water within their respective boundaries.

Predicts Line Okay

Executive Director D. J. De Boer of the Nebraska Public Power System predicted that the proposed 220 KV power line into Nebraska will be approved in fiscal 1958.

De Boer said Nebraskans, already turned down twice, will make a new request for the Fort Randall to Grand Island and "will again make a strenuous effort to obtain Congressional approval for the required appropriations."

Rain is expected Saturday along the middle Atlantic coast, interior New York and Pennsylvania, Florida, upper Michigan and in the northwest Pacific states. Snow is due in the northern Plains and the Rockies. It will be fair elsewhere with warmer weather from Oklahoma northeast to the Midwest; cooler weather in the upper Ohio Valley and most of the western two-thirds of the U.S. (AP Wirephoto Map.)

Annual NSEA District Meets Close; New Officers Tabbed

Elections Friday wound up the two-day annual conventions of the district Nebraska State Education Association meetings. Results are as follows:

Short Elected

HASTINGS, Neb. (AP) — Richard Short, assistant principal of Grand Island Senior High School, was

'Heavy Run' In Out-State Registration

Most of the out-state cities in Nebraska which require voter registration report a "heavy run" as the time nears for closing the registration books.

Latest figures available for Hastings were 5,820 Republicans, 4,426 Democrats and 126 Independents as of Thursday night. Hastings registration closed at 5 p.m. Friday.

Norfolk reported 3,894 Republicans, 2,151 Democrats and 86 Independents as of Thursday night with registration to close at 9 p.m. Saturday.

10% Behind

A total of 1,808 Republicans, 1,221 Democrats and 59 Independents were registered at Alliance as of Thursday night with registration closed at 9 p.m. Saturday. City Clerk F. R. Nelson said this is about 10% behind 1952.

North Platte had no definite figures available but estimated about 7,800 as of Friday afternoon and registration will close Saturday noon.

Most recent figures available at Kearney were for Tuesday with 3,684 Republicans, 1,977 Democrats and 36 Independents registered. Beatrice reported it would have a final tabulation and breakdown by party affiliation available the first of next week. Most recent figures available there were for one week ago which showed a total of 5,217 persons registered.

Scottsbluff reported 3,320 Republicans, 2,286 Democrats and 103 Independents registered as of late Friday afternoon with registration to close Saturday at 9 p.m.

Grand Island reported 6,358 Republicans, 5,533 Democrats and 153 Independents as of Friday morning with registration to continue until noon Saturday.

McCook had a total 3,781 registered as of Friday afternoon. Registration will continue until noon Saturday. No breakdown will be available as to party affiliation.

Fremont reported a total of 8,321 up to 10 a.m. Friday and registration will continue until noon Saturday.

As of Thursday night Nebraska City reported 1,751 Republicans, 1,270 Democrats and 25 Independents with registration to close at 9 p.m. Saturday night.

Fog Blamed For Semi Collision; One Driver Hurt

DAKOTA CITY, Neb. (AP)—One man was injured slightly and three semi-trailer trucks damaged to the extent of about \$20,000 Friday in a freak accident on Highway 77 south of here.

Investigating officers told this story:

A northbound semi-trailer and the first of two southbound semis collided under ground fog conditions, the southbound vehicle going into the ditch. The northbound semi then jackknifed, striking the second southbound truck.

Injured slightly was George Bal-Bet. Officers said the second driver involved was Firgil Applebee. The third driver was not identified.

Traffic over the highway was re-routed for a time while the damaged semis were pulled from the road.

Corn Being Shipped In Instead Of Out Around Falls City Area

FALLS CITY, Neb. (AP) — The drought has brought about an unusual situation in southeastern Nebraska and northeast Kansas this fall—corn is being shipped in instead of being shipped out.

The areas normally are surplus-producing sections. Jess Stuart, manager of the Yeager Grain Co. elevator at Fortescue, Mo., reports that he has sold 40,000 bushels of Holt County, Missouri, corn to truckers for Kansas and Nebraska destinations during the past two weeks.

One day recently he took \$16,000 in checks in payment for corn, and all of them were on banks in Kansas and Nebraska.

Corn Being Shipped In Instead Of Out Around Falls City Area

FALLS CITY, Neb. (AP) — The drought has brought about an unusual situation in southeastern Nebraska and northeast Kansas this fall—corn is being shipped in instead of being shipped out.

The areas normally are surplus-producing sections.

Jess Stuart, manager of the Yeager Grain Co. elevator at Fortescue, Mo., reports that he has sold 40,000 bushels of Holt County, Missouri, corn to truckers for Kansas and Nebraska destinations during the past two weeks.

One day recently he took \$16,000 in checks in payment for corn, and all of them were on banks in Kansas and Nebraska.

Some feeders in Richardson County and elsewhere on this side of the Missouri River are buying the corn directly from the producer and hauling it home in the car.

The corn movement was greatly increased the volume of truck toll revenue for the Rulo bridge. In the two-week period ending Oct. 21, truck crossings multiplied four to five times. On Oct. 18, for example, 200 trucks paid tolls in a 24-hour period as compared with 41 trucks on the same date in September.

Army and Navy Flex Muscles, Lay Claims To Major Parts Of Defense Job

WASHINGTON—The Army and Navy flexed muscles Friday for the benefit of their supporters and laid claims to major parts of the defense job.

Adm. Arleigh Burke, in an address prepared for a Navy League dinner, said "The versatility and mobility of the United States Navy and Marine Corps are trump cards in the hands of our government."

At a convention of the Army Assn. in another part of Washington, a panel of generals and scientists painted a picture of a new Army destined to be equipped to speed to the battlefield in space ships and with a many-sided arsenal of atomic weapons.

Burke, chief of naval operations, appeared to take issue with the theory that the Air Force's Strategic Air Command and its atom-bomb planes are the chief deterrent to aggression against the United States.

Not By Itself

"Experience of the past 10 years clearly demonstrates that no single military capability—however powerful—can by itself prevent aggression," he told his Navy League audience.

"If our government is to have the freedom of action it needs to deal with the many situations which we are—and will be—confronted, we must have military forces that are versatile and mobile."

At the Army meeting, Maj. Gen. J. B. Medaris, the Army's top missile officer, said the time has come to consider space missiles as the most effective means of delivering both men and weapons to world trouble spots.

He described the airplane as a passing means of military transport. This view was supported by Dr. Vernher von Braun, a German-born scientist, who forecast that in less than six or eight years rockets will be launched capable of carrying a dozen men into outer space.

Burke, chief of naval operations, appeared to take issue with the theory that the Air Force's Strategic Air Command and its atom-bomb planes are the chief deterrent to aggression against the United States.

GARFIELD ANNEXATION PETITIONS TO BE FILED

By VIRGIL FALLOON
Star Staff Writer

Petitions for immediate annexation of the Garfield (District 113) school district into the Lincoln school district may be filed Saturday.

The Garfield petitions contain "well over" the required 55 percent of the district's legal voters, according to Henry F. Brit Jr., president of the Garfield school board.

Brit said Friday that one petition was still out because of "calls from people who want to sign."

"We should be ready to turn the petitions over to County Superintendent Glenn Turner's office Saturday morning," he said.

Request Approval

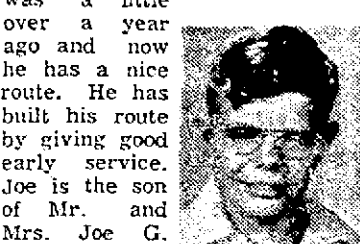

If the petitions are found sufficient by Turner, the next step would be to request the Lincoln board of education to approve the annexation of the Garfield district.

Such a request could come at the Lincoln board's regular meeting next Tuesday.

The Garfield school board had resigned en masse in protest to the rising school enrollment which was overcrowding the school building.

Meet Star Carrier Joe Jessee

Joe E. Jessee is the Lincoln Star carrier at Harvard, Neb. Joe started his route by delivering sample papers to his friends and neighbors in Harvard. This

Jessee

was a little over a year ago and now he has a nice route. He has built his route by giving good service. Joe is the son of Mr. and Mrs. Joe G. Jessee. He is 12 years old and in the seventh grade in Harvard's new public school.

Joe is a good student and ranks high in his class. He was one of the 1956 winners of the Inland Daily Press Association's annual award to Outstanding Newspaper Boys.

A student of history, Joe likes to read both history and fiction. Part of his route profits go for books. He belongs to two book clubs. Joe had a chance to do some first hand studying of history this summer when he went with his parents and his younger brother on a trip to Virginia. They went through the natural tunnel in Lee County, Va., and got a big thrill from the swinging cable bridge.

Joe was disappointed that they did not get to go to Washington, D. C. He wanted to visit the Capitol and the Smithsonian Institute. They did some fishing in both Virginia and Tennessee. Joe is also a outdoor boy. He

Omahans Found Guilty Of Drunk-Driving

Harold R. Farson, 40, of Omaha was found guilty Friday by a Lancaster District Court jury on a state charge of drunk-driving June 9.

When the defendant moved for immediate sentencing, Judge John L. Polk fined him \$100 and revoked his driver's license for six months.

FRIGIDAIRE Super Automatic Washer

Never before—at anywhere near this price—have you seen an automatic washer that washes clothes so clean, so fast—and that saves so much on hot water and detergent—as this new 1957 Frigidaire Washer.

Saves Hot Water—up to 9 gallons each load—and detergent, too • Saves Time—washes faster than many other well-known washers

• Saves Clothes—no thrashing blades to wear clothes out. In Rub-Free Action, super-suds-charged water alone moves clothes—so much gentler! • Saves Filter Cleaning—not only dirt, but tiniest specks of soap-scum and lint, too, are floated out and flushed down the drain for good, by Float-Over Wash and Rinse • Saves Drying Time—Rapidly Spin gets clothes drier.

Army and Navy Flex Muscles, Lay Claims To Major Parts Of Defense Job

WASHINGTON—The Army and Navy flexed muscles Friday for the benefit of their supporters and laid claims to major parts of the defense job.

Adm. Arleigh Burke, in an address prepared for a Navy League dinner, said "The versatility and mobility of the United States Navy and Marine Corps are trump cards in the hands of our government."

At a convention of the Army Assn. in another part of Washington, a panel of generals and scientists painted a picture of a new Army destined to be equipped to speed to the battlefield in space ships and with a many-sided arsenal of atomic weapons.

Burke, chief of naval operations, appeared to take issue with the theory that the Air Force's Strategic Air Command and its atom-bomb planes are the chief deterrent to aggression against the United States.

Not By Itself

"Experience of the past 10 years clearly demonstrates that no single military capability—however powerful—can by itself prevent aggression," he told his Navy League audience.

"If our government is to have the freedom of action it needs to deal with the many situations which we are—and will be—confronted with, we must have military forces that are versatile and mobile."

At the Army meeting, Maj. Gen. J. B. Medaris, the Army's top missile officer, said the time has come to consider space missiles as the most effective means of delivering both men and weapons to world trouble spots.

He described the airplane as a passing means of military transport. This view was supported by Dr. Vernher von Braun, a German-born scientist, who forecast that in less than six or eight years rockets will be launched capable of carrying a dozen men into outer space.

Building Permit Sets 2 Marks

It was only a \$7,000 building permit but it popped the lid on two items in the office of Building Inspector Ed Vorhees.

When Herbert Bros. Construction Co. was given a permit for construction of a \$7,000 home, it boosted the construction costs for October to date to more than \$1 million. In addition, the company obtained the 70,000th building permit issued since the system was started in 1904.

During that period, there have been three building inspectors. Vorhees has held the position since 1937.

GARFIELD ANNEXATION PETITIONS TO BE FILED

By VIRGIL FALLOON
Star Staff Writer

Petitions for immediate annexation of the Garfield (District 113) school district into the Lincoln school district may be filed Saturday.

The Garfield petitions contain "well over" the required 55 percent of the district's legal voters, according to Henry F. Brt Jr., president of the Garfield school board.

Brt said Friday that one petition was still out because of "calls from people who want to sign."

"We should be ready to turn the petitions over to County Superintendent Glenn Turner's office Saturday morning," he said.

Request Approval

If the petitions are found sufficient by Turner, the next step would be to request the Lincoln board of education to approve the annexation of the Garfield district.

Such a request could come at the Lincoln board's regular meeting next Tuesday.

The Garfield school board had resigned en masse in protest to the rising school enrollment which was overcrowding the school building and creating financial problems.

But State Commissioner of Education Freeman Decker ruled the entire board's resignation could not be accepted.

Lakeview

If Lincoln's school board approves annexation, the Garfield school population would be shared with the Lakeview city school.

The Garfield school has some 200 pupils in six classrooms, four of which are described as "make-shift."

Dr. Decker had advised the board that annexation to Lincoln appeared to be the only solution for the district's problems.

Meet Star Carrier Joe Jessee

Joe E. Jessee is the Lincoln Star carrier at Harvard, Neb. Joe started his route by delivering sample papers to his friends and neighbors in Harvard. This was a little over a year ago and now he has a nice route. He has built his route by giving good early service. Joe is the son of Mr. and Mrs. Joe G. Jessee. He is 12 years old and in the seventh grade in Harvard's new public school.

Jessee

Joe is a good student and ranks high in his class. He was one of the 1956 winners of the Inland Daily Press Association's annual award to Outstanding Newspaper Boys.

A student of history, Joe likes to read both history and fiction. Part of his route profits go for books. He belongs to two book clubs. Joe had a chance to do some first hand studying of history this summer when he went with his parents and his younger brother on a trip to Virginia. They went through the natural tunnel in Lee County, Va., and got a big thrill from the swinging cable bridge.

Joe was disappointed that they did not get to go to Washington, D. C. He wanted to visit the Capitol and the Smithsonian Institute. They did some fishing in both Virginia and Tennessee. Joe is also a outdoor boy. He

Vatican Appeals

VATICAN CITY (INS) — The Vatican City newspaper Osservatore Romano appealed for "an end to the massacre in Hungary."

The appeal, which some thought might have been written by Pope Pius XII himself, was the first comment of the publication on the rebellion in Hungary.

It urged Hungarian Communist authorities "to heed the desperate cry of those who under the fire of cannon are calling for bread, freedom and respect for human liberty."

Gage Farmers Getting Checks For Soil Bank

Lincoln Star Special

BEATRICE, Neb.—Gage County farmers began receiving their first soil bank plan checks Friday, according to county Chairman Ted Sagerhorn, who said the checks began going into the mail Thursday.

The checks are being mailed by precincts beginning with Barnes-ton, and will take a week or more for all to be mailed.

West's Water Supply Poor, Report Shows

The water supply picture in western Nebraska's irrigation areas "is the poorest for several years," the Soil Conservation Service reports.

The comment was contained in a fall summary of the water supply situation in western states. Although carryover water in reservoirs took care of crops this year, "local rainfall and heavy snow on the Platte watershed are needed to assure the water supply in 1957," the report said, referring to western Nebraska.

Natural streamflow and precipitation were among the lowest of record along the Platte in western Nebraska this year, the report noted.

Storage Water Helped

"Carryover storage in Pathfinder Reservoir in Wyoming provided adequate water supplies for good crop production," it said.

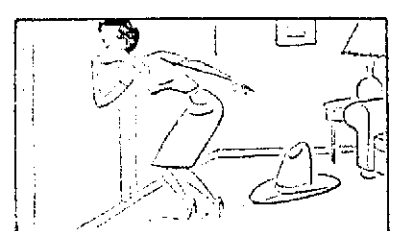

"Storage in Kingsley provided for similar water conditions for the lower section of the North Platte irrigated area of central Nebraska."

Referring to the western section of the country in general, the SCS report said summer rainfall was deficient over most of the area except for the northern tier of states. This caused heavier water demands than usual, particularly where water supplies were short.

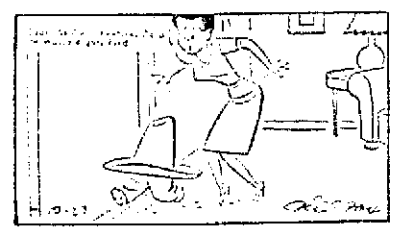

Last year's snow pack was near a record high in the Pacific Northwest and Canada with a resulting heavy runoff. But in the South and Southwest, where winter snowfall was light and carryover storage seriously depleted, a shortage of water was experienced.

The summary was prepared by the SCS water supply forecast section.

West's Water Supply Poor, Report Shows

The water supply picture in western Nebraska's irrigation areas "is the poorest for several years," the Soil Conservation Service reports.

The comment was contained in a fall summary of the water supply situation in western states. Although carryover water in reservoirs took care of crops this year, "local rainfall and heavy snow on the Platte watershed are needed to assure the water supply in 1957," the report said, referring to western Nebraska.

Natural streamflow and precipitation were among the lowest of record along the Platte in western Nebraska this year, the report noted.

Storage Water Helped
"Carryover storage in Pathfinder Reservoir in Wyoming provided adequate water supplies for good crop production," it said.

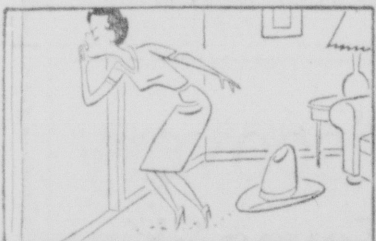

"Storage in Kingsley provided for similar water conditions for the lower section of the North Platte irrigated area of central Nebraska."

Referring to the western section of the country in general, the SCS report said summer rainfall was deficient over most of the area except for the northern tier of states. This caused heavier water demands than usual, particularly where water supplies were short.

Last year's snow pack was near a record high in the Pacific Northwest and Canada with a resulting heavy runoff. But in the South and Southwest, where winter snowfall was light and carryover storage seriously depleted, a shortage of water was experienced.

The summary was prepared by the SCS water supply forecast section.

THE STAR IN SUBURBIA

Here it is — almost the last of October—and yet there seems to be no "end of the month" lag in activity or signs of "let-up" in the social whirl in Park Manor.

Welcoming a guest is a common event with our friendly neighbors in Park Manor, and it is especially fun to have visitors when they are members of your own family. Vacationers from Eldora, Ia., who spent 10 days with Mr. and Mrs. Justin C. Tallman and their children, Darlene, Rodney and Tina, were Mrs. Tallman's parents, Mr. and Mrs. James Smith. Understand that Mr. and Mrs. Smith and their daughter, Mrs. Tallman, recently moved to the states from England.

And arriving next week to spend a few days with the Tallmans will be Mrs. Tallman's brother-in-law and sister, Mr. and Mrs. Lloyd Washburn and their daughter, Debbie of Madison, Wis.

Off to Boulder, Colo., for the

Panel On Art

The Lincoln Artists Guild will sponsor a panel discussion on the topic, "Art and Our Artists", to be held at 8 o'clock, Sunday afternoon, in gallery B of the University of Nebraska art department.

Dr. C. Vin Waite, minister of First Presbyterian Church, will serve as moderator, and panel participants will be Marvin Robinson, architect; Mrs. E. James Brownson, working artist; Richard Frickley of the University of Nebraska art department; and John P. Anton, of the University of Nebraska philosophy department.

Marriage Solemnized

At a 4 o'clock service which took place Saturday afternoon, Oct. 27, at the Community Church of Stella, Miss Alice Marie Mullins, daughter of Mr. and Mrs. Sam Mullins of Stella, became the bride of St. Sgt. Atlas Pickett of Lincoln, son of Mr. and Mrs. Wesley Pickett of Durham, N. C. In the presence of members of the family and a small group of friends, the ceremony was solemnized by the Rev. John A. Reger.

Attending the sister were Mrs. Alvin R. Bye of Lincoln, as the matron of honor, and Miss Alta Lu Mullins, Omaha, as maid of honor.

Seating the guests were Paul H. Mullins of Lincoln and Loren Mullins of Naperville, Ill., both brothers of the bride.

Sgt. and Mrs. Pickett will reside in Lincoln where the bride is employed and where Sgt. Pickett is stationed with the Air Force.

Navy Wives

The Navy Wives Club held a special meeting Wednesday evening at the home of Mrs. James Metz to discuss plans for editing a cook book. The members will contribute recipes and will collect others from friends and neighbors for the book, and serving as chairman for the project will be Mrs. Lon Rowlett, 3130 No. 53rd.

week-end were Mr. and Mrs. Elmer Maser, who left Thursday evening with another couple Mr. and Mrs. Robert Daden. The foursome will attend the football game on Saturday and return home on Sunday.

Friday was a very special day for Maj. and Mrs. Dean Meyer, for they celebrated their 17th wedding anniversary and celebrated that evening by going out to dinner. Their five children, Lane, Paula, Danny, Terry and Mark spent a quiet evening at home entertaining the baby-sitter.

We have a celebrity in the Park Manor neighborhood and she happens to be Miss Ellen Hayes, daughter of Dr. and Mrs. Dale Hayes. On November 16, Ellen will make her first television appearance on the Christian Educational Program which is sponsored by the National Council of Churches. Apparent each week with Miss Hayes will be Ed Reed, young son of Paul and Mrs. Calvin Reed. Dr. Hayes and Prof. Reed are instructors in education at the University of Nebraska.

Recently vacationing in New

York was Mrs. William Boucher, who visited her parents, Mr. and Mrs. Everett Dalsis in Olean.

It is time again to dust off the welcome mat, and greet more new residents in Park Manor. The new couple, Mr. and Mrs. Malcolm Doll, now are settled in their new home at 1723 Brookhaven Rd. The Dolls formerly resided at 1837 Sewell St.

Club Welcomes Newcomers

Fifteen newcomers were welcomed by the Officers' Wives Club of the Lincoln Air Force Base at the organization's luncheon on Wednesday afternoon at the Officers Club.

During the luncheon, a farewell gift was presented by the club to Mrs. William Coleman, who with her family will leave Lincoln early next month for a trip to southeastern states before sailing for London, England, where Col. Coleman will be stationed.

The gift was presented by Mrs. H. C. Godman.

Town Talk

IF anyone is laboring under the impression that the game in Colorado is seriously hampering the activities of the week-end—perish the thought. To be sure it could have been rather a dull period, but it has been saved by two dinner dances — that of the Holiday Club at Hotel Cornhusker — and the Gay Nighters at Hotel Lincoln.

We hear that Mr. and Mrs. Robert Lau are serving as chairman of the Holiday party, and that their committee is composed of Mr. and Mrs. Richard Lilly, Mr. and Mrs. Sam Haupt and Dr. and Mrs. Richard Garlinhouse.

Two guest couples, Mr. and Mrs. Thomas Wake of Seward, and Mr. and Mrs. George X. Smith, have been invited to the dinner dance.

THE Gay Nighters party, as we have mentioned before, is a Halloween party and a costume affair. The Gay Nighters also will have a guest foursome — Mr. and Mrs. Louis DuToit and Mr. and Mrs. Jack Small.

WE were told that Mr. and Mrs. Victor Friend had some exciting news early Friday morning — They received word from

Santa Ana, Calif., that they had a new grandson who arrived on Thursday, Oct. 25. The young man, who has been named Russell, is the son of S-Sgt. and Mrs. Ronald Manson, now stationed in Santa Ana.

UNDERSTAND that Judge and Mrs. John C. Pickett of Cheyenne, Wyo., will be arriving late next week to spend a few days in Lincoln visiting their son, Richard Pickett, who is attending the University of Nebraska College of Law, and their son's fiancée, Miss Helen Weir.

Next Friday evening Judge and Mrs. Pickett will be included in the guest list when Mr. and Mrs. William L. Day complement Miss Weir and her fiancée at dinner at the Lincoln Country Club. The guest list of eight will include only members of the families, and the bride-elect will be presented with a host and hostess gift.

ON SUNDAY morning, Nov. 4, Miss Weir and Mr. Pickett will again be honored when Mr. and Mrs. James Austin will be a branch host and hostess at their home. Judge and Mrs. Pickett, of course, will be included in the guest list.

No Game Limit For This Hunt

A Halloween party is always fun but when you combine it with a scavenger hunt then you have the ingredients for a very busy evening, and that's what it was for the guests of Miss Deanne Krogh on Friday night.

The evening was concluded with

refreshments and prizes at the Krogh home, and assisting Deanne as hostesses were Miss Joan Keyser, Miss Betty Kerwood and Miss Shirley Pettit.

Pictured above with their hostesses (all Northeast High School classmates) are standing (from the left) Betty Kerwood, Don Mason, Margie McIntosh, Dick

Barr, Donna Squier, Gordon Frohardt, Melvin Hiltson, Ray Gabard, Bruce Steyer and JoAnn Keyser; seated (left to right) Shirley Pettit, Larry Gardner, Ramona Nielsen, Sandy Haning, Donna Lee Nielsen and Ralph Suell; and seated on the floor (from the left) Lorie Turner, Judy Hile and Deanne Krogh.

To Be Saturday Morning Brides

MISS LOIS VLACH, whose marriage to William W. Phillips will take place Saturday morning, Oct. 27.

MISS ESTHER PFEIFFER, who will become the bride of Edward F. Barton of Chicago, Ill., on Saturday morning, Oct. 27.

At an 11 o'clock morning ceremony on Saturday, Oct. 27, Miss Lois Vlach, daughter of Mr. and Mrs. Joseph Vlach, will become the bride of William W. Phillips, son of Dr. and Mrs. D. K. Phillips of Nebraska City. All-white chrysanthemums will decorate the altar of Sacred Heart Church for the service, which will be solemnized by Msgr. H. B. Hart in the presence of 150 guests.

Wearing alike frocks of peacock blue crystalite will be the matron of honor, Mrs. Lee Czapski, and the bridesmaid, Miss Donna Phillips of Nebraska City, sister of the bridegroom. Fashioned with snug, basque bodices and full, ballerina-length skirts, their costumes will be completed by head bandeaux formed by petals of the crystalite, and they will carry bouquets of white Fuji chrysanthemums. The flower girl will be Miss Marilyn Flynn.

Serving Mr. Phillips as best man will be Franklin E. Harkness, and the ushers will be Ivan J. Block, Jerry Steves and Philip Lightbody of Nebraska City.

The bride will appear in a gown of white Chantilly lace and silk tulle. A flaring, Queen Anne's collar accents the molded bodice of lace, and the long, fitted sleeves end in points over the hands. Beneath the narrow waist, the lace extends into the very full skirt of tulle to form a peplum motif which tapers at the back into a chapel train, and her illusion veil will be held by a plateau cap of jeweled lace. She will carry a white prayer book marked with a single white orchid.

Altar arrangements of gladioli and pompons in white and blue will form the background at St. Mary's Cathedral Saturday morning, Oct. 27, for the marriage of Miss Esther Pfeiffer of Lincoln, daughter of Mr. and Mrs. Andrew Pfeiffer of Nebraska City, to Edward F. Barton, son of Mr. and Mrs. Thomas J. Barton of Chicago. The 11 o'clock ceremony will be solemnized by the Rev. John Flynn, and Miss Catherine Gillespie, organist, will play the wedding music and also will accompany the vocal soloist, John Moran.

Mrs. Robert A. Peterson of Rapid City, S. D., will be her sister's matron of honor, and the bridesmaid will be Miss Janet Jensen. The attendants will wear identical sheath frocks of brocade satin in the champagne tone fashioned in the daytime mode. They will wear tiny pillbox caps of brocade, and will carry bouquets of blue-tinted blossoms.

Serving Mr. Barton as best man will be Thomas L. Coutugno of Chicago, and the ushers will be Glen F. Pfeiffer of Nebraska City, brother of the bride; Robert A. Peterson, Rapid City, S. D.; and Robert M. Buckley of Chicago.

Attends Regional Meeting

Mrs. Martha Rebensohn, president of the Cornhusker Chapter of the National Secretaries Association, left Lincoln on Friday to attend a regional meeting of the association held at Minneapolis during the week end.

The national association recently announced the appointment of Miss Dorothea Chandler of Syracuse, N.Y., as dean of the Institute for Certifying Secretaries. The Institute is a department of the Secretaries Association composed of representatives from management, business education and the secretarial fields who supervise the Certified Professional Secretary (CPS) examination, given annually throughout the country.

The 12-hour examination is given each May at colleges and universities in the country. Open to any qualified secretary, the

CPS examination has as its aim to raise secretariats to professional status.

An associate professor at the College of Business Administration, Syracuse University, N.Y., Miss Chandler has received two degrees from the University of Iowa, and has studied at New York University and Syracuse University. She has served as a faculty member at Mississippi State College for Women and as chairman of the business department of Lake Forest, Ill., High School.

Two members of the Cornhusker Chapter have received the Certified Professional Secretaries rating, Miss Dorothy Beever and Miss Kathleen Evans.

Scouts Give Out At Musical Rout

When the Cub Scouts of Den 4, Pack 10, entertained their parents and a group of fellow Scouts at a "musical" Friday evening, the music may not have been the best, but it was the most energetically performed.

The party was held in the parlors of Trinity Methodist Church, and the young entertainers included, left to right, Ken Halter, son of Mr. and Mrs. K. R. Halter; Jim Lanning, son of Mrs. J. C. Lanning; Michael Dowell, son of Mr. and Mrs. R. H. Dowell Jr.; Ralph Ackerman, son of Mr. and Mrs. H. P. Ackerman Jr.; Scotty Thoms, son of Capt. and Mrs. A. H. Thoms; Robert Ackerman; Duane Simms, son of Capt. and Mrs. D. H. Simms; Michael Eggleston, son of Capt. and Mrs. O. C. Eggleston; Larry Traut, and Jim Reed, son of Mr. and Mrs. A. J. Reed.

New VITAMIN Discovery Helps You Grow A New Young Skin!

You know how important it is to get plenty of vitamins in your diet. But do you know what scientists have only just discovered? Vitamins patted directly into your skin act like a "fountain of youth!" They can actually help you grow a new young skin.

When even hard-headed medical men tell you how vitamins soften "horny" skin, make flaky dryness vanish, heal chapping and roughness, change old skin to new, you can believe it's true!

Look In Your Mirror

In just a few days, COTY VITAMIN MOISTURE BALANCER will make your skin look fresher, smoother, softer, younger looking. Flakiness and dryness disappear, skin becomes clearer as under or over-active oil glands function more normally.

There's never been anything like it before — no cream, no lotion of any kind that can give you all these amazing benefits:

If your Skin is DRY:

1. Keeps essential skin moisture "in balance"
2. Helps Nature replace old skin with new
3. Removes dry, flaky surface skin — heals roughness, chapping
4. Restores youthful suppleness — gives skin a filled-out, smoothed-out look
5. Softens the skin with vital beauty-giving oils

If your Skin is OILY:

1. Keeps essential skin moisture "in balance"
2. Helps normalize your skin, reducing the chance of blackheads, enlarged pores, etc.
3. Removes roughened, surface skin — heals chapping
4. Restores youthful suppleness — gives skin a filled-out, smoothed-out look

5-Minute Beauty Treatment

For utmost effectiveness, at bedtime, cleanse your face with Coty Instant Cleanser, then smooth on the Coty Vitamin Moisture Balancer made for your skin type. In just a few days your skin will appear fresher, smoother...rewarding you with a healthy and beautiful complexion.

Corrects Causes of Dryness, Oiliness

COTY VITAMIN MOISTURE BALANCER makes all other treatment creams and skin conditioners old-fashioned. This scientifically developed product contains not one but three essential skin vitamins without which your skin can't function normally... plus a sensational lanolin-derivative so new it hasn't even been named! It's the only vitamin lotion made in two separate formulas—one for DRY skin, one for OILY skin — to meet their special needs.

Normalizes Skin Moisture

Just a few drops of this fabulous lotion nourishes your skin while you sleep, penetrates deep down where beauty begins. It keeps the vital moisture in your skin just right — never too much or too little — in spite of sun and wind, chilling frost or overheated rooms.

COTY VITAMIN MOISTURE BALANCER can bring your skin back to perfect condition, rewarding you with a healthy, beautiful complexion.

So why go on fooling yourself with creams and lotions that do little more than "lard" your face? As soon as you wash them off, dryness comes right back again. Or why risk oil-removing soaps that make oil glands work overtime, increasing the chances of blackheads and skin disturbances? Not creams and oils, not soap and water, but moisturizing VITAMINS will bring your skin back to normal!

Town Talk

IF anyone is laboring under the impression that the game in Colorado is seriously hampering the activities of the week-end—perish the thought. To be sure it could have been rather a dull period, but it has been saved by two dinner dances — that of the Holiday Club at Hotel Cornhusker — and the Gay Nighters at Hotel Lincoln.

We hear that Mr. and Mrs. Robert Lau are serving as chairman of the Holiday party, and that their committee is composed of Mr. and Mrs. Richard Lilly, Mr. and Mrs. Sam Haupt and Dr. and Mrs. Richard Garlinghouse.

Two guest couples, Mr. and Mrs. Thomas Wake of Seward, and Mr. and Mrs. George X. Smith, have been invited to the dinner dance.

THE Gay Nighters party, as we have mentioned before, is a Halloween party and a costume affair—The Gay Nighters also will have a guest foursome—Mr. and Mrs. Louis DuTeau and Mr. and Mrs. Jack Small.

WE were told that Mr. and Mrs. Victor Friend had some exciting news early Friday morning — They received word from

Santa Ana, Calif., that they had a new grandson who arrived on Thursday, Oct. 25. The young man, who has been named Russell, is the son of S-Sgt. and Mrs. Ronald Manson, now stationed in Santa Ana.

UNDERSTAND that Judge and Mrs. John C. Pickett of Cheyenne, Wyo., will be arriving late next week to spend a few days in Lincoln visiting their son, Richard Pickett, who is attending the University of Nebraska College of Law, and their son's fiancée, Miss Helen Weir.

Next Friday evening Judge and Mrs. Pickett will be included in the guest list when Mr. and Mrs. William L. Day compliment Miss Weir and her fiancée at dinner at the Lincoln Country Club. The guest list of eight will include only members of the families, and the bride-elect will be presented with a host and hostess gift.

ON SUNDAY morning, Nov. 4, Miss Weir and Mr. Pickett will again be honored when Mr. and Mrs. James Austin will be a brunch host and hostess at their home. Judge and Mrs. Pickett, of course, will be included in the guest list.

No Game Limit For This Hunt

A Halloween party is always fun but when you combine it with a scavenger hunt then you have the ingredients for a very busy evening, and that's what it was for the guests of Miss Deanne Krogh on Friday night.

The evening was concluded with

refreshments and prizes at the Krogh home, and assisting Deanne as hostesses were Miss Joan Keyser, Miss Betty Kerwood and Miss Shirley Pettit.

Pictured above with their hostesses (all Northeast High School classmates) are standing (from the left) Betty Kerwood, Don Mason, Margie McIntosh, Dick

Barr, Donna Squier, Gordon Frohardt, Melvin Hiltner, Ray Gabhard, Bruce Steyer and JoAnn Keyser; seated (left to right) Shirley Pettit, Larry Gardner, Ramona Nielsen, Sandy Haning, Donna Lee Nielsen and Ralph Snell; and seated on the floor (from the left) Lorie Turner, Judy Hile and Deanne Krogh.

Marriage Announced

Announcement is made this morning of the marriage of Mrs. Florine Campbell of Denver to Dr. F. L. Mason of Lincoln.

The ceremony took place in Colorado on Friday, Oct. 19.

Dr. Mason and his bride left for a honeymoon trip to California and will return to Lincoln early in December.

Madam Chairman

MORNING

Lincoln Woman's Club Bible department, bake sale at Leon's.

AFTERNOON

Chapter BY, PEO, 1 o'clock luncheon at the home of Mrs. C. C. Wiggins, 1220 No. 37th.

Ceres Club, 2:30 o'clock at the Foods and Nutrition Building, College of Agriculture.

Sigma Delta Tau Alumnae, 1:30 o'clock bridge benefit at the chapter house.

To Be Saturday Morning Brides

MISS LOIS VLACH, whose marriage to William W. Phillips will take place Saturday morning, Oct. 27.

At an 11 o'clock morning ceremony on Saturday, Oct. 27, Miss Lois Vlach, daughter of Mr. and Mrs. Joseph Vlach, will become the bride of William W. Phillips, son of Dr. and Mrs. D. K. Phillips of Nebraska City. All-white chrysanthemums will decorate the altar of Sacred Heart Church for the service, which will be solemnized by Msgr. H. B. Hart in the presence of 150 guests.

Wearing alike frocks of peacock blue crystalettes will be the matron of honor, Mrs. Lee Czapanski, and the bridesmaid, Miss Donna Phillips of Nebraska City, sister of the bridegroom. Fashioned with snug, basqued bodices and full, ballerina-length skirts, their costumes will be completed by head bandeaux formed by petals of the crystallette, and they will carry bouquets of white Fujii chrysanthemums. The flower girl will be Miss Marilyn Flynn.

Serving Mr. Phillips as best man will be Franklin E. Harkness, and the ushers will be Ivan J. Block, Jerry Steves and Philip Lightbody of Nebraska City.

The bride will appear in a gown of white Chantilly lace and silk tulle. A flaring, Queen Anne's collar accents the molded bodice of lace, and the long, fitted sleeves end in points over the hands. Beneath the narrow waist, the lace extends into the very full skirt of tulle to form a peplum motif which tapers at the back into a chapel train, and her illusion veil will be held by a plateau cap of jeweled lace. She will carry a white prayer book marked with a single white orchid.

Both Mr. Phillips and his bride have attended Nebraska Wesleyan University. The bride is a member of Willard sorority, and Mr. Phillips is a member of Theta Chi fraternity.

MISS ESTHER PFEIFFER, who will become the bride of Edward F. Barton of Chicago, Ill., on Saturday morning, Oct. 27.

Altar arrangements of gladioli and pompons in white and blue will form the background at St. Mary's Cathedral Saturday morning, Oct. 27, for the marriage of Miss Esther Pfeiffer of Lincoln, daughter of Mr. and Mrs. Andrew Pfeiffer of Nebraska City, to Edward F. Barton, son of Mr. and Mrs. Thomas J. Barton of Chicago. The 11 o'clock ceremony will be solemnized by the Rev. John Flynn, and Miss Catherine Gillespie, organist, will play the wedding music and also will accompany the vocal soloist, John Moran.

Mrs. Robert A. Peterson of Rapid City, S. D., will be her sister's matron of honor, and the bridesmaid will be Miss Janet Jensen. The attendants will wear identical sheath frocks of brocaded satin in the champagne tone fashioned in the daytime mode. They will wear tiny pillbox caps of brocade, and will carry bouquets of blue-tinted blossoms.

Serving Mr. Barton as best man will be Thomas L. Cotugno of Chicago, and the ushers will be Glen F. Pfeiffer of Nebraska City, brother of the bride; Robert A. Peterson, Rapid City, S. D.; and Robert M. Buckley of Chicago.

The bride is a graduate of St. Bernard's Academy at Nebraska City, and Mr. Barton is a graduate of Wilson Junior College, Chicago, and is a former student at the University of Southern California.

Immediately following the ceremony, a reception for 100 guests will be held at the Hotel Cornhusker, after which the couple will leave for a short wedding trip. They will make their home in Chicago.

The bride is a graduate of St. Bernard's Academy at Nebraska City, and Mr. Barton is a graduate of Wilson Junior College, Chicago, and is a former student at the University of Southern California.

Attends Regional Meeting

Mrs. Martha Rebersdorf, president of the Cornhusker Chapter of the National Secretaries Association, left Lincoln on Friday to attend a regional meeting of the association held at Minneapolis during the week end.

The national association recently announced the appointment of Miss Dorothea Chandler of Syracuse, N.Y., as dean of the institute for Certifying Secretaries. The Institute is a department of the Secretaries Association composed of representatives from management, business education and the secretarial fields who supervise the Certified Professional Secretary (CPS) examination, given annually throughout the country.

The 12-hour examination is given each May at colleges and universities in the country. Open to any qualified secretary, the

CPS examination has as its aim to raise secretaryship to professional status.

An associate professor at the College of Business Administration, Syracuse University, N.Y., Miss Chandler has received two degrees from the University of Iowa, and has studied at New York University and Syracuse University. She has served as a faculty member at Mississippi State College for Women and as chairman of the business department of Lake Forest, Ill., High School.

Two members of the Cornhusker Chapter have received the Certified Professional Secretaries rating, Miss Dorothy Beever and Miss Kathleen Evans.

Scouts Give Out At Musical Rout

When the Cub Scouts of Den 4, Pack 19, entertained their parents and a group of fellow Scouts at a "musical" Friday evening, the music may not have been the best, but it was the most energetically performed.

The party was held in the parlors of Trinity Methodist Church,

and the young entertainers included, left to right, Ken Halter, son of Mr. and Mrs. K. R. Halter; Jim Lanning, son of Mrs. J. C. Lanning; Michael Dowell, son of Maj. and Mrs. R. H. Dowell Jr.; Ralph Ackerman, son of Mr. and Mrs. H. P. Ackerman Jr.; Scotty Thoms, son of Capt. and Mrs. A. H. Thoms; Robert Ackerman; Duane Simms, son

of Capt. and Mrs. D. H. Simms; Michael Eggleston, son of Capt. and Mrs. O. C. Eggleston; Larry Traut, and Jim Reed, son of Mr. and Mrs. A. J. Reed.

Mrs. Dowell and Mrs. Thoms serve as den mothers for the group.

Corrects Causes of Dryness, Oiliness

COTY VITAMIN MOISTURE BALANCER makes all other treatment creams and skin conditioners old-fashioned. This scientifically developed product contains not one but three essential skin vitamins without which your skin can't function normally... plus a sensational lanolin-derivative so new it hasn't even been named! It's the only vitamin lotion made in two separate formulas—one for DRY skin, one for OILY skin—to meet their special needs.

Normalizes Skin Moisture

Just a few drops of this fabulous lotion nourishes your skin while you sleep, penetrates deep down where beauty begins. It keeps the vital moisture in your skin just right—never too much or too little—in spite of sun and wind, chilling frost or overheated rooms.

COTY VITAMIN MOISTURE BALANCER can bring your skin back to perfect condition, rewarding you with a healthy, beautiful complexion.

So why go on fooling yourself with creams and lotions that do little more than "lard" your face? As soon as you wash them off, dryness comes right back again. Or why risk oil-removing soaps that make oil glands work overtime, increasing the chances of blackheads and skin disturbances? Not creams and oils, not soap and water, but moisturizing VITAMINS will bring your skin back to normal!

COTY Vitamin

MOISTURE BALANCER

SPECIAL INTRODUCTORY OFFER—For a limited time only you can buy Coty Vitamin Moisture Balancer, regularly 3.50... plus Coty Instant Cleanser, regularly 1.50... a 5.00 value only 3.50 plus tax

Good Idea for Halloween!

Treat the youngsters to pure, wholesome, delicious Wrigley's Spearmint Gum. Buy it by the box.

The picture has changed since the delegates hollered. The last one over the fence is the vice president. Garner and Barkley took job out of the non-employment class.

At the same 1940 convention old James Farley was digging in four million dollars to buy the tanks. Somewhere along the line James disappeared like a cat in a cloud.

Which still doesn't explain why there are more Democrats than Republicans.

DAILY CRYPTOQUOTE

One letter simply stands for another in this example. A is used for the three X's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

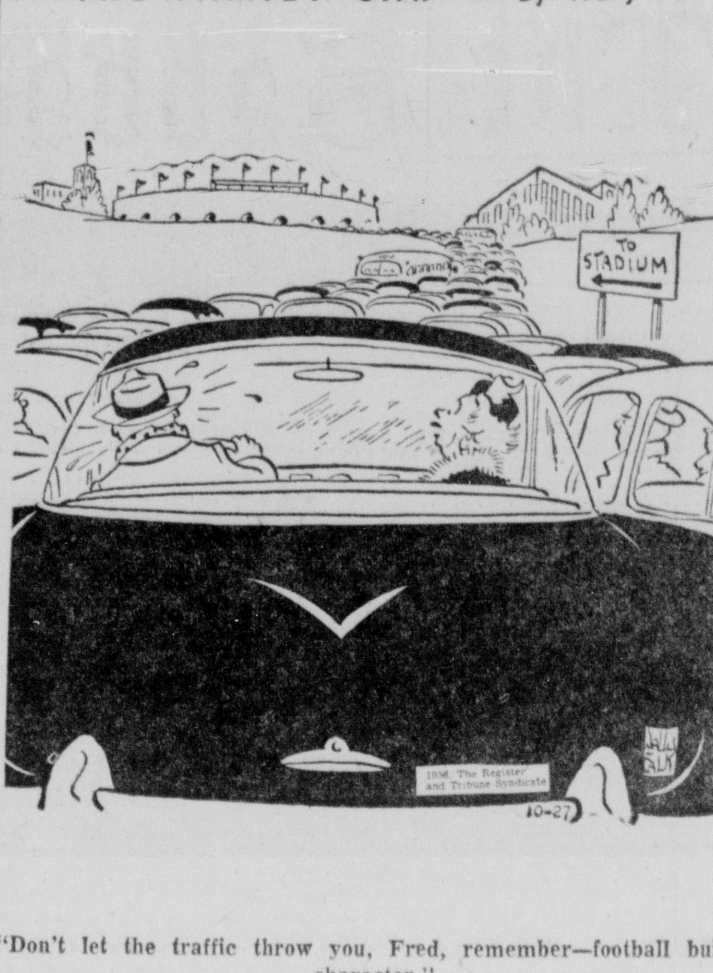

10-27 "Okay, I'll compromise, you switch over to my candidate and I'll switch over to yours."

10-27 "He's good at grass and I'm good at skies!"

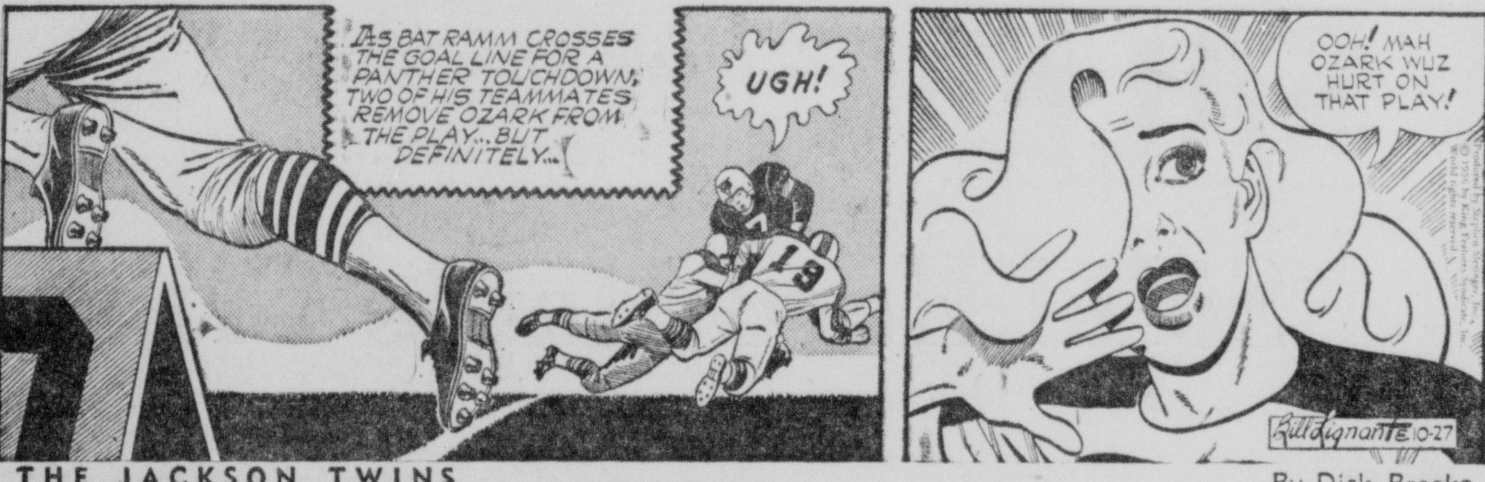

10-27 "VALDIVIA, CONQUEROR OF CHILE WAS KILLED BY ARAUCANIAN INDIANS... THE GOLD HE HAD STOLEN FROM THEM WAS MELTED AND POURED DOWN HIS THROAT!"

10-27 "Don't let the traffic throw you, Fred, remember—football build character."

10-27 "Okay, I'll compromise, you switch over to my candidate and I'll switch over to yours."

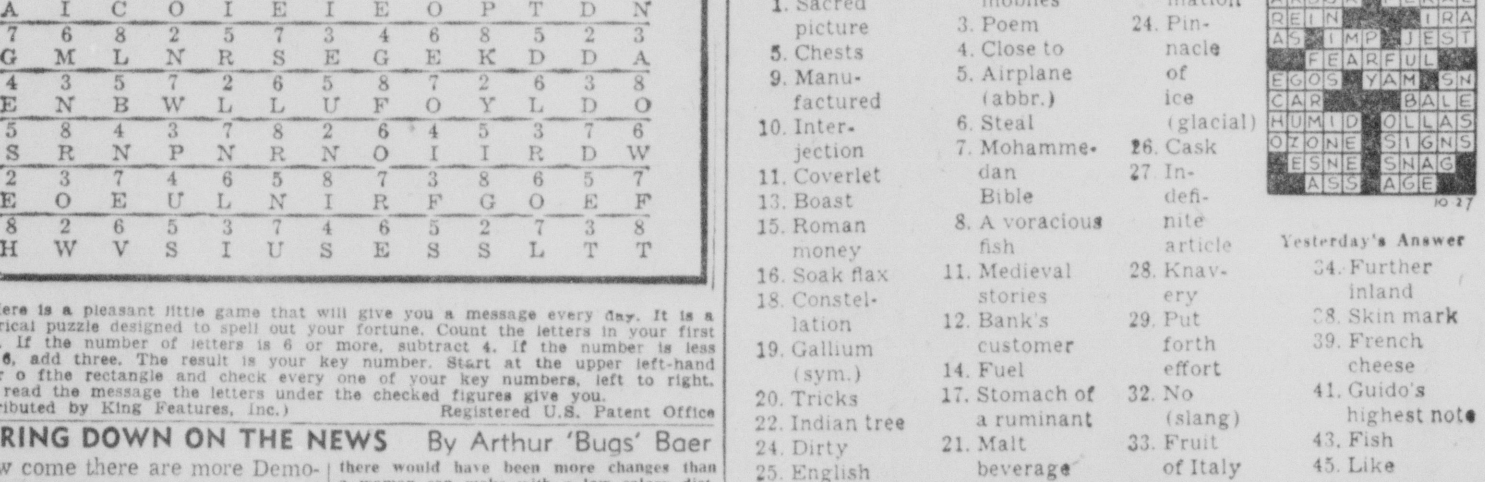

10-27 "Okay, I'll compromise, you switch over to my candidate and I'll switch over to yours."

Passes Completed	3	2
Interceptions	4-31	0-30
Punts	0	0
Fumbles Lost	0	0
Yards Penalized	45	10

The Pius X Thunderbolts ground out a 7-0 Homecoming victory Friday night over a stubborn Omaha St. Joseph.

The victory was the sixth of the season against just one loss and closed the home schedule for the new Lincoln school. Two road games remain for the potent Thunderbolts.

George Easley, Coach Vince Aldrich's bread and butter runner, powered his 185-pound frame 32 yards midway in the second quarter for the victors' lone tally. The hard-running fullback also plunged for the point after TD.

The Thunderbolts ground out 260 yards from scrimmage and 20 via the passing route but could put together only two scoring threats.

The first came as the game opened when End Stan Larchick blocked a punt on the St. Joe 26. Four plays netted the Thunderbolts only nine yards and the Joe Hawks took over.

Pius X Halfback Joe Neal took off on one of his familiar jaunts late in the third quarter and moved 30 yards before being pulled down on the St. Joe 24. Again the Joe Hawk line withstood the attack and the drive was halted.

Pius was again on the march and had possession of the pigskin on the St. Joe 30 as the final gun sounded.

The winning Thunderbolts rolled up 11 first downs to seven for the opposition and outtrushed the visitors from Omaha, 260-72. St. Joe completed two passes for 34 yards and Pius took successfully to the airways three times for only 20 yards.

Several Pius X sustained drives ran out of gas when the Thunderbolts were assessed penalties, the majority of them coming on the illegal backfield motion infraction. The 'Bolts saw 45 yards marched off against them. St. Joe lost 10 yards by penalties.

Homecoming Queen Alice Mary Anderson and King George Easley were crowned at the halftime ceremonies.

Pius X—Touchdown, George Easley (32, run); conversion, Easley (plunge).

BOULDER, Colo.—Can Willie Greenlaw and the Nebraska Cornhuskers do it again?

That's what 45,000 football fans—including some 7,000 Nebraskans—will be asking here Saturday afternoon when the Huskers battle the league-leading Colorado Buffaloes at Folsom Field.

The Homecoming game will pit Nebraska, with a 1-1 Big Seven record, against Colorado which has won four straight, including three conference contests, since losing its opener.

And it will have a definite bearing on the Orange Bowl race.

Colorado is counting on meeting Missouri for the Miami spot. Nebraska is counting on dumping Colorado and thereby preserving its own chances of a repeat appearance in the bowl.

That's exactly what happened here in 1954. Colorado was load-noon when the Huskers battle the league-leading Colorado Buffaloes at Folsom Field.

But the Huskers didn't co-operate. With Willie Greenlaw supplying the spark, Nebraska dumped the Buffs, 20-6, going on to win the Orange Bowl assignment.

It was Greenlaw running wild

again last fall as the Cornhuskers romped to a 37-20 victory at Lincoln.

The only thing that looks a little different than pre-game 1954, is the Colorado attitude.

That year the Buffs were under-

feated and riding high, completely overlooking the Huskers. This year, Colorado wasn't supposed to be any good—too many sophomores.

But those sophs have come along fast and the Buffs have an un-

expected 4-1 record. Nebraska is 2-3.

Coloradans insist the Buffs won't take Nebraska lightly because of what happened in 1954. Working in the Huskers' favor—they're two touchdown underdogs—is their record against similar foes.

While Nebraska eked out a 9-7 win over Iowa State, the Buffs rolled, 52-0; the Huskers lost to Kansas State 10-7 and the Buffs stomped 34-0.

Colorado is being led this fall by John (The Beast) Bayuk who apparently has returned to his sophomore form after an off-year as a junior. He's currently lead-

ing the Big Seven in ground-gain-

The Huskers will stick to their usual lineups, with the exception of Don Rhoda at left guard. He's out with a leg injury.

George Harshman, who spent most of the week in the Student Health with the flu, is ready for some duty, but Roy Stinnett will probably carry the load at quarterback.

You can't find a Colorado fan out here that doesn't have visions of Oranges dancing through his head. This is "our" year, the mountain folks yell.

And that's where Willie Greenlaw and the Nebraska Cornhus-

ers come in. They're plotting to replace the vision with a nightmare.

Nebraskans and Coloradans alike, will be holding their breaths Saturday afternoon.

South Rally Ends Link Hopes, 26-7

By BOB McCOY
Star Sports Staff Writer

The Omaha South Packers, equipped with a seemingly never-ending array of breakaway backs, rallied from a 7-6 halftime deficit to slaughter a hustling Lincoln High eleven at the Lincoln High Oval Friday night 26-7.

Under the direction of quarterback Jerry Gould, halfbacks Tom Taylor, Larry Milton and Dickie Brown, and fullback Vic Shukis were consistently thorns in the sides of the Link defenders.

The Packers marched 84 yards with the opening kickoff in the first five minutes of play and the game appeared to be headed for a rout in favor of the visitors.

Milton capped the 12-play drive with an eight yard burst over tackle. Larry Kosenzy had his conversion attempt blocked and the Packers led, 6-0.

But the fighting Links came right back and drove to the South

the halftime count still read 7-6. But Cletus Fischer's Packers soon ended all such hopes in the second half.

The Links took the kickoff and after a series of plays ran out of downs and John Elliott dropped back to kick.

Taylor took the kick on his own 30, out to the outside and completely outran the Link defenders 70 yards to the double striped line and the Packers led, 12-7.

This time Kosenzy's conversion was perfect and the score read 13-7.

Taylor set up the third Packer tally moments later when he returned another kick 29 yards to the Link 39.

After a first down, Brown, a 140-pound Negro scabbard, scampered 28 yards through the Link secondary to up the Packer margin to 19-7.

Shukis tallied the final South touchdown midway in the final period on a five yard sweep which climaxed a 70 yard march in just eight plays.

Taylor plunged for the point and the final score read: South 26, Lincoln High 7.

Each team took to the air rather erratically in the final three minutes of the contest and the net result was two Packer interceptions and one for Lincoln.

On the final play of the game, Gould intercepted a Don Swanson pass on his own 30 and raced to the Link two yard line where he was finally hauled down by Bill Swanson.

The South line made the difference in the game as it limited the Links to 109 yards rushing, most of them by tailback Don Davis, while opening gaping holes for 288 Packer rushing yards.

Tackle Louie Costanzo and end Kosenzy led the defensive forward wall for the Packers while end Mike Mancuso was a consistent receiver for short Gould tosses on the offensive.

Guards Phil Mendoza and Lyall Luff led the Link line charges on the defensive ledger while Grene-meier helped Davis carry the Lincoln offensive load.

Omaha South—Touchdowns: Armstrong (92, kickoff return); Hokenstad (3, sneak); Hurlbut (25, run). Conversions: Hokenstad, Hurlbut.

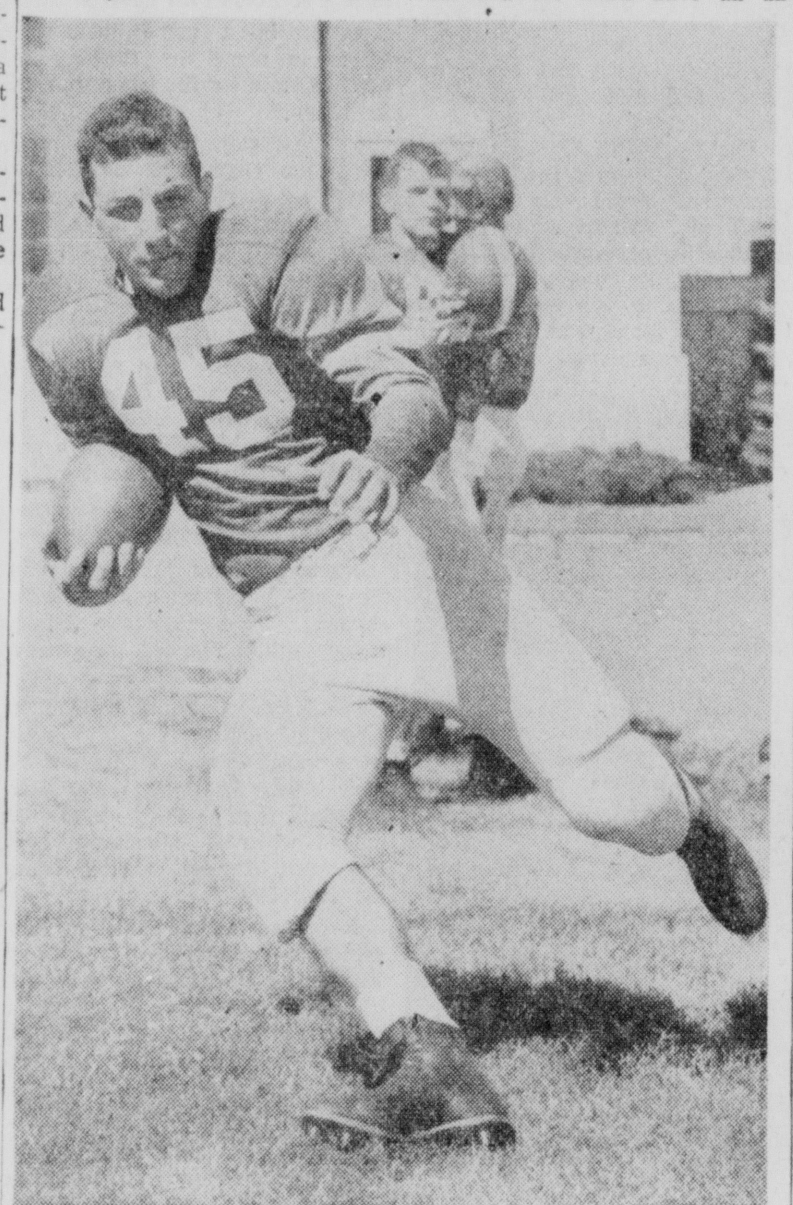

Westside scoring—Touchdowns: Fischer (2, 13, pass from Humphry; 35, run with stolen ball); Millett (1, run). Conversions: Grene-meier (plunge).

On the first play of the second quarter Hastings was forced to punt after Grand Island had been stopped on the one-yard line. Dick Becher's punt rolled dead on the 35 and it appeared that the Islanders were ready to start another drive.

But Fullback Bob Hayes changed the situation in a hurry.

He intercepted a pass by Monte Moorberg and ran 75 yards to score.

Moorberg's pass was deflected by a charging Hastings lineman. Hayes juggled the ball on his finger tips, hauled it in and easily

NAPPI... Starts today.

50 HUSKER FANS GREET NEBRASKA GRID TEAM

By DON BRYANT
Sports Editor, The Star

DENVER, Colo.—Nearly 50 happy Nebraska rooters were on hand to greet the University of Nebraska football team when it arrived in Denver at 1:30 p.m. Friday.

The rooters were a mixture of "migrating" Nebraska students and Husker fans who live in the Denver area. Among the early well-wishers was Regent Frank Johnson of Lexington.

Nebraska Coach Pete Elliott said the team had a good trip and although "The boys are a little bumped and bruised, they're ready for a battle."

The Huskers went through a short workout Friday afternoon, and watched a movie Friday night. The players will be driven to Boulder by bus Saturday morning.

The Colorado weatherman has predicted a partly cloudy day Saturday, with temperatures in the high 50s or low 60s. A storm warning has been issued, but the storm is not expected to reach Colorado until late Saturday night.

Some 400 Nebraska Alumni met at the Woolhurst Club in Denver Friday night for a dinner party Athletic Director Bill Orwig and Assistant Coach Bill Jennings were the guest speakers.

Hastings' Defense Stops Grand Island Club, 19-0

By RON GIBSON
Star Sports Staff Writer

GRAND ISLAND—Hastings parlayed an unyielding defense and a couple of breaks into a 19-0 upset of Grand Island here Friday night.

The loss all but knocked Grand Island out of contention for the Big Ten East Division championship.

A crowd of 4,500 saw Hastings score twice in the second quarter, both times after punting from the one yard line.

On the first play of the second quarter Hastings was forced to punt after Grand Island had been stopped on the one-yard line. Dick Becher's punt rolled dead on the 35 and it appeared that the Islanders were ready to start another drive.

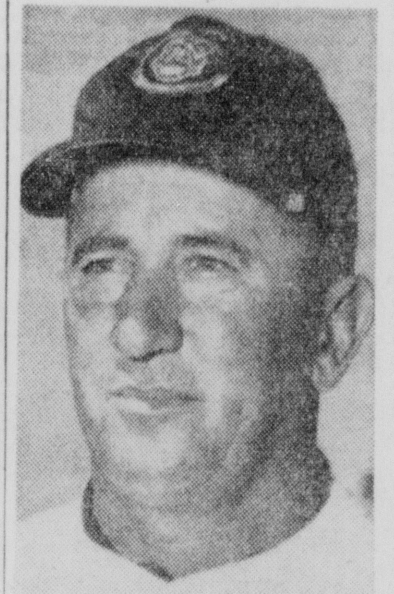

But Fullback Bob Hayes changed the situation in a hurry.

He intercepted a pass by Monte Moorberg and ran 75 yards to score.

Moorberg's pass was deflected by a charging Hastings lineman. Hayes juggled the ball on his finger tips, hauled it in and easily

LOPEZ

Lopez Linked With Chisox '57 Plans

CHICAGO (AP)—The Chicago White Sox will start hunting in earnest next week for a managerial successor to Marjory Marion, who resigned Thursday.

"We won't get down to actual cases until after the weekend," Vice President Chuck Comiskey said Friday. "Maybe I'll do a little telephoning this afternoon or Sunday."

Al Lopez, who resigned as Cleveland Indian pilot recently, is most strongly mentioned as Marion's replacement. Lopez, at his Tampa, Fla., home Thursday, said he had not been contacted by the White Sox. At the same time, he conceded he wanted to get back into baseball.

Although Comiskey declined to identify prospective candidates, the names of Jimmy Dykes, former Sox manager and now a Cincinnati coach, and Kerby Farrell of the Indianapolis Indians have been tossed in the hopper.

Dykes, Farrell

since early in the season, gained 147 yards rushing to match the output of visiting Boys Town.

The win is Washington High's eighth without a loss this season. Boys Town now has a 4-2-1 record.

Boys Town—0 7 0 6—13 Washington High—7 0 0 6—13 Boys Town scoring—Touchdowns: Hurler (6, run); Farrell (12, run). Conversions: Hurler.

Washington High scoring—Touchdowns: Luce (1, run); Hecker (6, run); Simko (27, pass from Luce). Conversion: Hecker.

Sooner-Notre Dame Battle Overshadows Bids For Bowl Berths By Nation's Leading Football Elevens

By HUGH FULLERTON, JR.
The Associated Press

About this time of the season, college football players and coaches begin dreaming of Roses, Cotton and Oranges and of games to be played more than two months hence. And some of today's games may determine the teams that will be playing in those New Year's Day bowl games.

But the one that is attracting the most attention brings together a team that can't go to a bowl this season and one that wouldn't if it could—Oklahoma and Notre Dame.

Oklahoma, seeking its 35th consecutive victory in a record string and the place at the top of the national ratings it lost to Michigan State last weekend, is barred from the Orange Bowl by the Big Seven rule starting a team can't go two years in succession.

Upset Setup
Otherwise the Sooners would be a cinch. They've outclassed two conference foes and likely will outclass the rest. Although this is the perfect setup for an upset, it's hard to imagine them losing to a battered Notre Dame team that may not have the services of Paul Hornung at quarterback.

Hornung has been troubled by a painful dislocated thumb and Coach Terry Brennan says he'll wait until game time before deciding whether to start Paul at quarter or shift him to half.

Oklahoma's ineligibility lends considerable importance to the clash between Colorado, the Big Seven leader, and Nebraska, the kind of team which could make trouble for the Buffaloes. If Colorado (3-0) wins today, it only needs to get past Missouri to earn the bowl bid.

Tigers Eye Bowl
Clemson took a big step toward the other side of the Orange Bowl when it downed South Carolina 7-0 Thursday to remain the only unbeaten team in the Atlantic Coast Conference.

Other games which may mean a lot to bowl-minded teams include Baylor-Texas A&M, Iowa-Purdue, Georgia Tech-Tulane and Stanford-Southern California.

Baylor and the Texas Aggies are the powerhouse teams of the Southwest Conference and they're both hungry for the championship and the Cotton Bowl bid that goes with it. Baylor has won the title in 32 years and the Aggies in 15. It's the day's only game between two teams ranked in the first 10.

Iowa First
With Michigan State, the nation's No. 1 team in The Associated Press poll, ineligible to return to the Rose Bowl and Ohio State just ineligible, Iowa now stands first in the line of Big Ten candidates. But the Hawkeyes aren't given more than an even chance against Purdue, Michigan, the favorite, runs into tied but unbeaten Minnesota today.

Stanford is the only one of the Pacific Coast Conference leaders eligible for the Rose Bowl and if John Brodie's passing prevails over Jon Arnett's running, the in-

Bowl at

dians should find their way pretty clear.

The Southeastern Conference has no bowl hookup, but its leader almost invariably gets an invitation. Georgia Tech, No. 3 nationally, has to get past a springy Tulane team which whipped Mississippi last week to stay on top. Runner-up Tennessee meets bubbling Maryland.

A game which should be as colorful as any bowl contest is on tap tonight in Philadelphia's huge Municipal Stadium. Villanova and Florida State are playing for the benefit of the Olympic Fund with all the fanfare they can stir up, including the famed FSU student circus and marching band.

of other top attractions:

East—Princeton-Cornell is the big Ivy League game as the Tiggers try to overtake Yale, which plays Colgate. Others for the Ivies: Dartmouth vs. Harvard, Army vs. Columbia, Navy vs. Penn. And Rhode Island vs. Brown. Among the major independents it's Oregon at Pittsburgh, West Virginia at Penn State and Syracuse at Boston University.

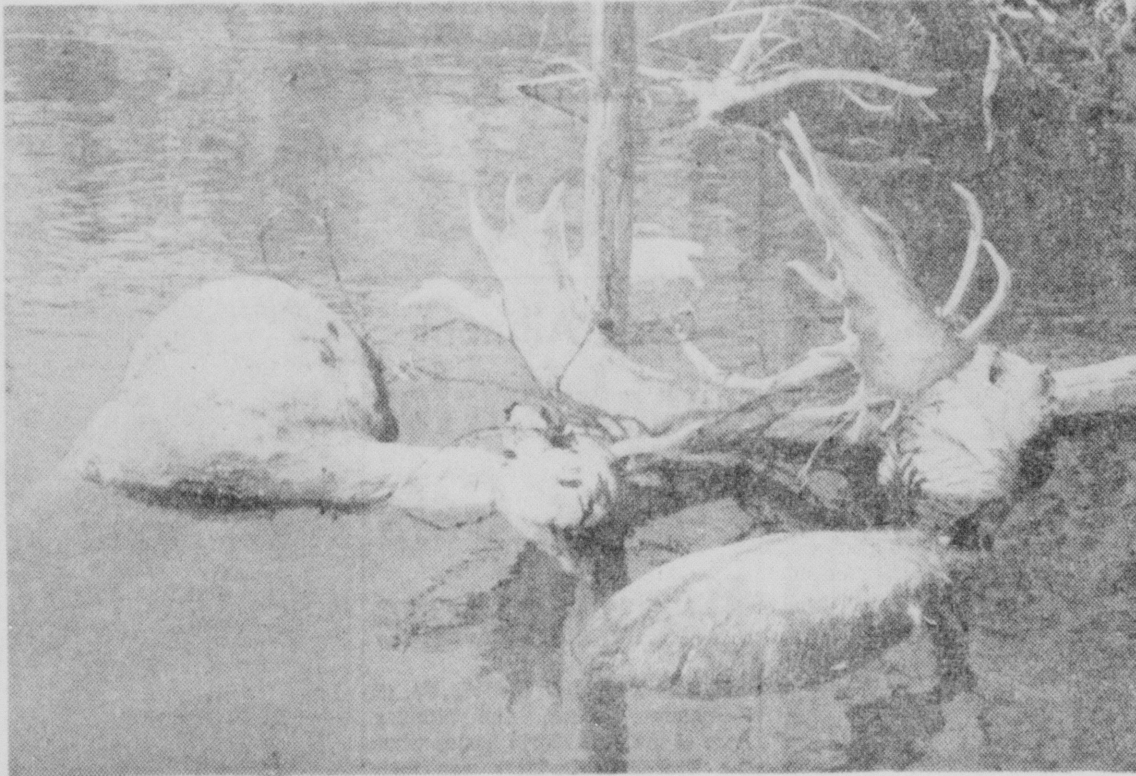

Midwest—Powerhouse Michigan State visits Illinois, suffering from injuries and with only faint hopes for an upset. Wisconsin vs. Ohio State and Northwestern vs. Indiana are other Big Ten games. Missouri's Big Seven hopes are on the line against Iowa State.

South—Conference games of

more than passing interest include Florida vs. Louisiana State, Kentucky vs. Georgia, Mississippi State vs. Alabama, North Carolina vs. Virginia Tech and Houston vs. Auburn are good ones too.

Southwest—The Mississippi vs. Arkansas and Miami vs. Texas Christian intersectional clashes rate just behind the big game. Texas and Rice battle to escape the cellar.

Far West—UCLA, Pacific Coast Conference leader, meets Oregon State and Washington entertains California. Wyoming, Skyline Conference leader, plays Kansas State from the Big Seven. Utah and Utah State, a step behind Wyoming, play Idaho and Brigham Young, respectively.

Deer Died Battling

Two White Fallow buck deer locked horns and battled to their death in Beaver Creek near Bart-

lett. About 60 feet of barbed wire was entangled about the antlers of the deer. The White

Fallow deer have antlers resembling those of a moose, and are rarely seen in Nebraska.

Bahama Stops Gonzales In Third

NEW YORK (AP)—Yama Bahama, a sharp shooting lad from Bimini in the Bahama Islands stopped Tony "Tex" Gonzalez of East Orange, N.J., on a technical knockout in 59 seconds of the third round Friday night at Madison Square Garden.

Bahama weighed 153½, Gonzales 159 pounds.

The end came suddenly after two slow rounds in which Bahama, whose real name is William Butler, concentrated on setting up Gonzalez with a fine jab.

A smashing right to the jaw dropped Tex early in the third. He got up slowly and just beat the count as he wobbled away from

the referee toward a neutral corner.

Chasing him without a letup, Bahama slammed both hands at the dazed Gonzalez. A final attack sent Tex sprawling on the ring apron, draped over the bottom rope. Referee Ruby Goldstein wisely halted matters and awarded the TKO to Bahama, the 2 to 1 favorite.

Most of the customers who came over from Jersey to see Gonzalez and also to help the charity drive to build a new home for St. Joseph's Home for Boys of Englewood Cliffs, N.J., were disappointed at the sudden ending.

Judge Nick Gamboli gave the

first two rounds to Bahama. Judge Jack Gordon had it 1-1 and Referee Goldstein scored the first for Bahama and the second even. The AP gave both rounds to Bahama.

Snider Slams Homer To Aid Bum Cause

MITO, Japan (AP)—The Brooklyn Dodgers continued to have their troubles with Japanese baseball teams Friday and settled for a 3-3, nine-inning tie with the Kanto All-Stars. An enthusiastic throng of 20,000 fans cheered their favorites in a game that was called to allow the Dodgers to catch a train for the two-hour ride to Tokyo.

The barnstorming National League champions now have played six games on the tour, with 14 more to go. They have won three, lost two and tied one.

Duke Snider lashed his second home run of the trip with Pee Wee Reese on base in the fourth inning to put Brooklyn ahead 2-0. Reese had doubled before the Dodger outfielder connected. It was Snider's homer that gave the Dodgers a 1-0 victory over the Yomiuri Giants Tuesday.

Dodgers Score

Brooklyn scored its third run in the sixth inning when Jim Gentile singled Jackie Robinson home. Robinson had reached base on a walk.

The Kanto All-Stars, blanked 8-0 by the Brooks Wednesday, broke loose in the eighth inning for all their runs. Starting pitcher Don Drysdale was shelled from the mound when a hometown boy, Yasumitsu Toyoda, doubled home the first two Japanese runs.

Relief specialist Don Bessent was summoned but Kihachi Enomoto belted a score-tying single before the bespectacled hurler could retire the side. Ed Roebuck pitched the ninth inning for Brooklyn.

All-Stars Get Six

The Dodgers collected seven hits off four Japanese pitchers, while the All-Stars touched the Brooklyn moundmen for six. Each side committed one error.

In Tokyo, Fresno Thompson, who is in charge of the Dodgers' minor league farm system, said that he was impressed by some of the Japanese players, but didn't feel the teams stacked up to those of major league caliber.

"I would say the teams are somewhere around the Texas League and Southern Assn.," said Thompson. "And that is quite complimentary," he continued. "After all there isn't too much difference between some of these top minor league teams and the majors."

YOU BE THE QUARTERBACK

By WARREN GAER
Head Football Coach,
Drake University

Boston University and Syracuse are fighting it out on a muddy field with the baseball infield that makes up part of the gridiron especially heavy going.

The score is 6-6, early in the fourth quarter. Boston has the ball on its own 16, fourth down and six. Boston's punter goes back to kick and gets off a good one that hits on the Syracuse 47 and slides and rolls dead on the Syracuse 21.

But a Syracuse lineman was caught holding at the line of scrimmage, which calls for a 15-yard penalty unless the Boston captain refuses it.

You be the captain. Would you:
Refuse the penalty, giving Syracuse the ball on its 21?
Take the penalty, keeping the ball, first down on your 31?
(Answer on Sports Page 13)

George Washington Tips William & Mary, 16-14

WASHINGTON (AP)—George Washington, pushed all over Griffith's Stadium mud in the last half, barely managed to hold onto an early lead and beat out William & Mary Friday night, 16-14, to rise to the top of the Southern Conference football standings.

The Colonials shot ahead on a

Kearney Hits Chadron, 44-6 In NCC Tilt

KEARNEY—Coach Allen Zikmund's Kearney State Teachers College eleven romped to their seventh win of the 1956 season on a 44-6 win over Chadron State here Friday night.

Over 2,000 fans watched the Kearney win, which found Larry Jacobsen's three touchdown jaunts of 78, 10 and 15 yards setting the pace.

Chadron's lone scoring effort came in the third period when Rex Jones completed a pass to Don Farley. The touchdown play covered 51 yards. It was this same third quarter, however, that broke Chadron's back. Kearney led only 13-0 at the half but scored three touchdowns in the third period and counted twice again in the final quarter.

Kearney's attack rolled up 515 net yards—373 on the ground and 142 via the air lanes.

Chadron 0 0 6 0-6
Kearney 7 8 19 12-44
Chadron scoring—Touchdown: Farley (51, pass from Jones).
Kearney scoring—Touchdowns: Jacobsen 3 (78, 10, 15, runs), Ron Roney (1, punter), Threl (1, run), Wolfe (41, run), Smidt (19, run). Conversions: Beroff (placekick), Wolfe (placekick).

16-point second quarter and that proved just enough margin to preserve their undefeated record.

Walt Brodie, an all-conference end, snagged passes from Brown Oliver and Bob Hardage for second-half William & Mary touchdowns that gave George Washington the shivers before a last-minute pass interception killed the winless Indians' chances for an upset.

Dick Claypool kicked a field goal from the William & Mary 17 to put one-tied GW ahead soon after the second period opened. Cashing in two Indian fumbles, Jack Henzes passed 10 yards to Don Herman and Ted Colna raced 4 yards around his own left end for the GW touchdowns.

A crowd of 6,000 sat through a steady drizzle which led to 11 fumbles altogether—three of them setting off touchdown spurts.

William & Mary 0 0 7 7-14
George Washington 0 16 0 6-16
William & Mary scoring—Touchdowns: Brodie 2 (13, pass from Oliver; 18, pass from Hardage). Conversions: Oliver 2.
George Washington scoring—Touchdowns: Herman (10, pass from Henzes) Colna (4, run). Field Goal: Claypool (19). Conversion: Spens.

MUFFLERS SPEEDWAY

Motors—1719 N

Ord Nips Ravenna

ORD—Ord's Chanticleers marched 85 yards to score with only two minutes left in the game and Fullback Kent Hornickel plunged over with the conversion to whip Ravenna, 27-26, with over 1,000 fans on hand.

Quarterback Neal Pocock sneaked over from the two to tally the tying touchdown—his second scoring effort of the night. The win, Ord's second of the season, was helped by Ravenna fumbles.

Pat Avey, Ravenna's speedster, raced 60 yards for a touchdown on the second play of the game. Al Boucher threw two touchdown passes—one covering 62 yards to Ed Melton.

Ord led, 20-13, at the half but trailed Ravenna, 26-20, at the end of three periods.

Ravenna scoring—Touchdowns: Avey (60, run), Long (13, pass from Boucher), Melton (62, pass from Boucher). Boucher (13, punter). Conversions: Burnett (run), Avey (run).
Ord scoring—Touchdowns: Vasick (6, run), Austin (6, punter), Pocock 2 (1, punter, 2, punter). Conversions: Vasick 2 (run), Hornickel (run).

Platters Upset Scottsbluff,

SCOTTSBLUFF—North Platte, with Jerry Johnson tossing two touchdown passes to Mike Lesiak, upset Scottsbluff, 13-6, here Friday night.

The West Big Ten game found Johnson connecting with Lesiak, a 145-pound senior halfback, in the second period on a play that covered 60 yards. The same combination scored again in the third quarter with the play covering 50 yards.

North Platte 0 6 7 0-13
Scottsbluff 0 0 0 6-6
North Platte scoring—Touchdowns: Lesiak 2 (60, 50, passes from Johnson). Conversions: Johnson (placekick).
Scottsbluff scoring—Touchdown: Wilks (1, quarterback sneak).

Steeler Pilot Threatens 12 Players

PITTSBURGH (AP)—Coach Walt Kiesling, smarting over the Pittsburgh Steelers' 38-10 loss to the New York Giants last Sunday threatened at least a dozen players with fines of \$100 to \$200 if their play doesn't improve.

A club spokesman said Kiesling issued the threat of fines in a fit of anger at a clubhouse meeting last Wednesday after he and his assistants viewed the movies of the game.

"There's been no bite on anybody's pay check," the spokesman asserted. "It is one of those things that happen after a team loses. It was only a threat—that's all."

"Naturally if the players' lackadaisical attitude continues, something will be done. But nobody's been fined. We want to make that point clear."

The spokesman declined to name any of the players involved. But Kiesling made no bones about how he felt after the game. He fired Fred Glatz, the team's punter, and promised a "shake-up" in the rest of the personnel. Glatz last year played with Pitt.

Said Kiesling: "It was the worst game we played all season and that includes our exhibition games. Our secondary, the entire group, was terrible."

"Three touchdowns went over the head of (Henry) Ford. The Giants aren't that good. We simply made them appear good because we were so lousy."

End Dave Middleton caught 44 passes for 623 yards as a rookie with the Detroit Lions in 1955.

Marion To Get Full '57 Pay

ST. LOUIS (AP)—It's becoming something of a habit with Marty Marion to draw pay for not managing a ball club.

Now, for the second time in four years, Marion, who resigned Thursday under pressure as manager of the Chicago White Sox, will collect a full season's salary for just that.

The White Sox agreed to pay the one-time Mr. Shortstop his 1957 salary, which Marty says is "slightly more than \$35,000."

In 1953, Baltimore paid him a reported \$35,000 for his 1954 contract as the Orioles field boss. That's \$70,000 or so without even putting on a pair of spikes.

Dorchester Rolls

DORCHESTER—The Dorchester Longhorns handed Sprague-Marlet its first loss of the season by defeating the visitors, 45-0, here Friday night.

The Longhorns, with a season record of six victories and one loss, led at half time, 20-0.

Dorchester scored touchdowns on four drives in the first half. The Longhorns' defense held the visitors to a field goal in the second half.

Painmen Intact For Midland Game Today

Nebraska Wesleyan University Coach Keith Skogman will have his backfield intact for the first time this season as he sends his Painmen against Midland in the Warrior Homecoming game at Fremont Saturday afternoon.

Wesleyan backs have been plagued with injuries all season and have never all been ready for any one game before returning after injuries this week will be two right halfbacks—Gary

Hofmann, Wahoo sophomore, and Chuck Evans, Seward sophomore.

Don Carter, junior fullback from Atchison, Kan., will also be ready for full-steam action. He was hampered last week with a pulled leg muscle.

With the prospect of a full supply of backs for the first time, Coach Skogman hopes his Painmen can continue their grid domination of Midland. In 33 meetings in their rivalry, Wesleyan has won 21, Midland has won 7, and five games have been ties.

Last season Wesleyan eked out a 3-2 victory in the Plainsmen Homecoming encounter.

Midland last beat Wesleyan in 1953 when Woody Greeno, now assistant football coach at Wesleyan, was head grid mentor at Midland. That year Midland won 19-13.

Skogman figures to call on two sets of backs for duty as the Warriors and Plainsmen battle for the sixth spot in the Nebraska College Conference. Skogman will send Bob Heffelfinger, Lincoln sophomore, in as starting quarterback.

But from there on he is uncertain about his starters. He'll pick three from Jimmy Byrd, Washington, D. C., senior; Evans; Hofmann; Dick Keller, Harvard junior; Jim Carr, Seward freshman; and Dick Lewis, Lincoln senior.

Husker Harriers Nipped By Buffs

Colorado edged Nebraska 27-23 in a dual cross-country meet Friday on the three-mile Pioneer Park course in Lincoln.

In first place was Nebraska's Bob Elwood with a time of 15:50. Second was Ned Sargent of Colorado, with a time of 16:07. Frank Morrison of Nebraska took third with a time of 16:12.

Other runners finished as follows: 4th—Jim Wyatt, Colorado, 16:21; 5th—Mike Panko, Colorado, 16:24; 6th—Jim Elmer, Colorado, 16:25; 7th—Lace Carter, Nebraska, 16:29; 8th—Ken Jones, Nebraska, 16:37; 9th—Latham Morrison, Nebraska, 16:36; 10th—Jim Funk, Colorado, 17:11.

YOU BE THE QUARTERBACK

Answer

You should refuse the penalty. You have had an exceptional kick after making four yards in three downs. Unless your offense takes new life, you'll have to kick up a 40-yard punt to get the ball to the Syracuse 21. The condition of the field and the ball dictate your choice. Let Syracuse handle the pigskin and make the fumbles.

Irish Lose Dugan

SOUTH BEND, Ind.—Mike Dugan, All-State football quarterback from Creighton Prep in Omaha, is believed to be sidelined for the season as Notre Dame University prepares to take on powerful Oklahoma here Saturday.

Dugan, one of the top varsity quarterbacks whom injured, suffered a torn ligament in his left knee when tackled in practice. He is wearing a cast extending from his thigh to ankle.

Knicks Swap Dukes For 3 Players

NEW YORK (AP)—The New York Knickerbockers of the National Basketball Assn. Friday traded 7-foot Walter Dukes and their rights to Olympian Buddy Halderson to the Minneapolis Lakers for veteran Slater Martin, serviceman Jerry Bird and a player to be named at a later date.

Key men in the swap were Dukes, former Seton Hall All-America who was suspended two weeks ago for not showing up for early practice, and Martin, 31, year-old Texas graduate and at 5-10, the smallest man in the professional league.

Halderson is a member of the current Olympic team. He played for Colorado and the Phillips Oilers of the AAU. The Knicks purchased the rights to negotiate with him from St. Louis a year ago.

Bird, a 6-6 workhorse at the University of Kentucky, is in military service now.

Hinkle Sparks Ogallala Win

OGALLALA — Nelson Hinkle passed for two touchdowns, ran for one and set up two others to lead Ogallala to a 32-14 victory over Gothenburg here Friday night.

The Indians rallied for two touchdowns in each of the final two quarters to overcome a 7-6 halftime deficit and gain the victory.

Gothenburg 0 7 0 7-14
Ogallala 6 0 13 23-14
Gothenburg downs: Huddle, 2 (1, plunge); 2, plunge; Conversions: Huddle, 2.

Ogallala scoring—Touchdowns: Curtis (42, pass lateral from Hinkle); Hinkle (20, run); Bunch (60, pass from Hinkle); Hinkle (18, run). Conversions: Hinkle, 2 (1, plunge); Hinkle, 1 (1, plunge).

Benson Trips TJ By 20-13

OMAHA—Braxton Olds tallied a pair of touchdowns to lead Omaha Benson past Thomas Jefferson of Council Bluffs here Friday night, 20-13.

Thomas Jefferson 0 7 6 0-13
Benson 13 0 0 20-13
Benson scoring—Touchdowns: Olds 2 (1, plunge); Olds, 1 (1, plunge); Conversions: Gunning, 2.

5 MINUTES WITH

SORRELL TONIGHT!

7:55 KOLN-TV

Frank Sorrell hopes the people are familiar with the REAL Governor Anderson, and the cost and significance of his "do nothing" administration.

Being a direct opposite of Mr. Anderson, Sorrell pulls no punches. Sorrell weighs the issue, then takes a firm stand.

He has pledged to keep taxes from rising.

To keep our youth in the state, we need new industry. Sorrell will work especially to bring industries in that will utilize our agricultural products.

Let's clean house... let's show our independence... let's exercise our rights as Americans and vote our way out of this terrible slump. Let's oil vote.

SORRELL for GOVERNOR

Farmer Herbert Bernal (left) and GOP Congressional candidate George Spence get ready for a day of farm work. (AP Wirephoto).

Politician Who Questioned Farmers' 'Get-Up' Given A Dawn-To-Dark Workout

... Spence Concedes He Learned Plenty

NASHVILLE, Tenn. (AP)—A fledgling politician who allowed as how the nation's farmers are lacking in "get-up-and-get" spent a day on a rain-soaked middle Tennessee farm Friday trying to find out if he knew what he was talking about.

Republican congressional candidate George Spence put in a day of toiling on the Herbert E. Bernal farm from "can't to can't"—farmer's jargon meaning from before daybreak when you can't see until after dark when you can't see.

After hauling manure, milking cows, stacking building blocks and performing a few dozen other rainy day light chores—there's not much heavy work on a rainy day—Spence conceded he'd learned a plenty.

City Dweller

Spence, 32, a city-dwelling manufacturer's representative, is the GOP candidate for congress from the 5th District (Nashville). The seat was held by the late Percy Priest, Democrat.

The Democratic candidate is Dist. Atty. Gen. J. Carlton Loser. Democrats have held the job without break since the Civil War, and there is little likelihood of a Republican victory this time.

Spence recently figured in the national news when he said after a White House conference in Washington that "if a man is to make a living on the farm, he has to get off his ... and go to work."

The White House quickly denied this reflected the President's views.

Challenge Issued

This sort of talk got Bernal, 50, hot under the collar. He dared Spence to "come out and spend a

City Of York Challenges State Action

Officials of the city of York filed a demurrer with the State Supreme Court Friday against the state concerning a law which helps a city to locate industry by allowing the city to build plants.

An original action in the matter was filed by the attorney general, C. S. Beck, at the direction of the governor.

The state's petition claimed the law permitting cities to build plants, through issuing of industrial revenue bonds, was unconstitutional.

The demurrer filed by the city councilmen of York Friday held that the state "fails to state facts sufficient to constitute a cause of action."

Gov. Victor Anderson directed the attorney general's filing to determine the constitutionality of the law, passed by the 1953 Legislature. The governor at the time said that many millions of dollars were involved.

It was noted at the time that bonding attorneys representing bonding houses would not accept the revenue bonds unless the law was declared constitutional.

Dr. Steven Watkins, Lincoln superintendent of schools, urged teachers Friday to vote on constitutional amendment No. 1, while would change the method of distribution of fines and penalties for overloaded trucks in Nebraska, in the November election.

"While I cannot tell you how to vote," he said, "this amendment means one more step in taking away from schools and putting more pressure on the property tax."

He said that 75 per cent of the money derived from the fines would be used for roads and 25 per cent for county funds, making no provision for schools.

"We need to work to broaden the tax base," Dr. Watkins said. He spoke at the general business session of the Nebraska Education Association.

4,000 Attend Annual Firemen's Ball Here

Some 4,000 persons attended the annual Fireman's Ball at the University of Nebraska Coliseum Friday night, officials said.

With a large number of persons watching from the balcony and hundreds of couples dancing to the music of Sammy Kaye, the crowd was "one of the best ever," firemen said.

Municipal Court Receipts Increase; Cases Up By 517

Receipts of the Municipal Court increased \$26,327.19 during the 1955-56 fiscal year as the number of court cases climbed by 517.

For the year ended Aug. 31, 1956, the Court collected a total of \$228,736.13 in civil costs and criminal costs and fines. Last year's receipts hit \$212,408.94.

During the 1955-56 year, civil cases numbered 820 and criminal cases hit 17,725 for a total of 18,545. The total number of cases for the preceding year was 18,028.

The annual audit of the Court also showed receipts of \$73,983 for the parking and inspection violations bureau.

Freshman To Play Lead At Wesleyan

Marilyn Henry, Nebraska Wesleyan University freshman from North Platte, will play the feminine lead in the Plainsman Play, the school's first production of the season, "The Solid Gold Cadillac."

Miss Henry will play Laura Partridge, the snail's pace clerk in a corporation, who turns the corporation and Wall Street upside down.

The play is scheduled for October 31 through November 3, in the Enid Miller Theater.

Miss Henry will play Laura Partridge, the snail's pace clerk in a corporation, who turns the corporation and Wall Street upside down.

The play is scheduled for October 31 through November 3, in the Enid Miller Theater.

Miss Henry will play Laura Partridge, the snail's pace clerk in a

Steelers' 'Theaters' 12 Players

PITTSBURGH (AP)—Coach Walt Kiesling, smarting over the Pittsburgh Steelers' 38-10 loss to the New York Giants last Sunday threatened at least a dozen players with fines of \$100 to \$200 if their play doesn't improve.

A club spokesman said Kiesling issued the threat of fines in a fit of anger at a clubhouse meeting last Wednesday after he and his assistants viewed the movies of the game.

"There's been no bite on anybody's pay check," the spokesman asserted. "It is one of those things that happen after a team loses. It was only a threat—that's all."

"Naturally if the players' lackadaisical attitude continues, something will be done. But nobody's been fined. We want to make that point clear."

The spokesman declined to name any of the players involved. But Kiesling made no bones about how he felt after the game. He fired Fred Glatz, the team's punter, and promised a "shake-up in the rest of the personnel," Glatz last year played with Pitt.

Said Kiesling: "It was the worst game we played all season and that includes our exhibition games. Our secondary, the entire group, was terrible."

"Three touchdowns went over the head of (Henry) Ford. The Giants aren't that good. We simply made them appear good because we were so lousy."

End Dave Middleton caught 44 passes for 663 yards as a rookie with the Detroit Lions in 1955.

Plainsmen Intact For Midland Game Today

Nebraska Wesleyan University Coach Kieth Skogman will have his backfield intact for the first time this season as he sends his Plainsmen against Midland in the Warrior Homecoming game at Fremont Saturday afternoon.

Wesleyan backs have been plagued with injuries all season and have never all been ready for any one game before. Returning after injuries this week will be two right halfbacks—Gary

Hofmann, Wahoo sophomore, and Chuck Evans, Seward sophomore.

Don Carter, junior fullback from Atchison, Kan., will also be ready for full-steam action. He was hampered last week with a pulled leg muscle.

With the prospect of a full supply of backs for the first time, Coach Skogman hopes his Plainsmen can continue their grid domination of Midland. In 33 meetings in their rivalry, Wesleyan has won 21, Midland has won 7, and five games have been ties.

Last season Wesleyan eked out a 3-2 victory in the Plainsmen Homecoming encounter.

Midland last beat Wesleyan in 1953 when Woody Greeno, now assistant football coach at Wesleyan, was head grid mentor at Midland. That year Midland won 19-13.

Skogman figures to call on two sets of backs for duty as the Warriors and Plainsmen battle for the sixth spot in the Nebraska College Conference. Skogman will send Bob Heffelfinger, Lincoln sophomore, in as starting quarterback.

But from there on he is uncertain about his starters. He'll pick three from Jimmy Byrd, Washington, D. C., senior; Evans; Hofmann; Dick Keller, Harvard junior; Jim Carr, Seward freshman; and Dick Lewis, Lincoln senior.

Knicks Swap Dukes For 3 Players

NEW YORK (AP)—The New York Knickerbockers of the National Basketball Assn. Friday traded 7-foot Walter Dukes and their rights to Olympian Burd Halderson to the Minneapolis Lakers for veteran Larry Martin, serviceman Jerry Bird and a player to be named at a later date.

Key men in the swap were Dukes, former Seton Hall All-America who was suspended two weeks ago for not showing up for early practice, and Martin, 31-year-old Texas graduate and at 5-10, the smallest man in the professional league.

Halderson is a member of the current Olympic team. He played for Colorado and the Phillips Oilers of the AAU. The Knicks purchased the rights to negotiate with him from St. Louis a year ago.

Bird, a 6-6 workhorse at the University of Kentucky, is in military service now.

Irish Lose Dugan

SOUTH BEND, Ind.—Mike Dugan, All-State football quarterback from Creighton Prep in Omaha, is believed to be sidelined for the season as Notre Dame University prepares to take on powerful Oklahoma here Saturday.

Dugan, one of the top four varsity quarterbacks when injured, suffered a torn ligament in his left knee when tackled in practice. He is wearing a cast extending from his thigh to ankle.

6 MINUTES WITH SORRELL TONIGHT! 7:55 KOLN-TV

Frank Sorrell hopes the people are familiar with the REAL Governor Anderson, and the cost and significance of his "do nothing" administration. Being a direct opposite of Mr. Anderson, Sorrell pulls no punches. Sorrell weighs the issue, then takes a firm stand.

He has pledged to keep taxes from rising.

To keep our youth in the state, we need new industry. Sorrell will work especially to bring industries in that will utilize our agricultural products.

Let's clean house . . . let's show our independence . . . let's exercise our rights as Americans and vote our way out of this terrible slump. Let's all vote.

SORRELL for GOVERNOR

Farmer Herbert Bernal (left) and GOP Congressional candidate George Spence get ready for a day of farm work. (AP Wirephoto).

Politician Who Questioned Farmers' 'Get-Up' Given A Dawn-To-Dark Workout

... Spence Concedes He Learned Plenty

NASHVILLE, Tenn. (AP)—A fledgling politician who allowed as how the nation's farmers are lacking in "get-up-and-get" spent a day on a rain-sodden middle Tennessee farm Friday trying to find out if he knew what he was talking about.

Republican congressional candidate George Spence put in a day of toiling on the Herbert E. Bernal farm from "can't to can't"—farmers' jargon meaning from before daybreak when you can't see until after dark when you can't see.

After hauling manure, milking cows, stacking building blocks and performing a few dozen other rainy day light chores—there's not much heavy work on a rainy day—Spence conceded he'd learned a plenty.

Spence, 32, a city-dwelling manufacturer's representative, is the GOP candidate for congress from the 5th District (Nashville). The seat was held by the late Percy Priest, Democrat.

The Democratic candidate is Dist. Atty. Gen. J. Carlton Loser. Democrats have held the job without break since the Civil War, and there is little likelihood of a Republican victory this time.

Spence recently figured in the national news when he said after a White House conference in Washington that "If a man is to make a living on the farm, he has to get off his . . . and go to work." The White House quickly denied this reflected the President's views.

Challenge Issued
This sort of talk got Bernal, 50, hot under the collar. He dared Spence to "come out and spend a

day, any day, with me and if you can follow in my footsteps from early morning till late at night, I won't only vote for you but I'll also write a letter of apology."

Spence was hanging on Bernal's door at 5:02 a.m., and they took off to the barn to milk 40 cows before breakfast.

Because of the rain, they confined their work to odds and ends about the 327-acre farm. A flock of newsmen and photographers followed for a few hours but soon started trickling away, unable to maintain the pace.

Both Spence and Bernal acknowledged that each had learned something by the experience.

Among the sadder things Spence learned was that the day was a total loss insofar as winning Bernal's vote was concerned.

The Bernal farm, it turned out, is located in Rutherford County, just outside the 5th District.

Charges Against Bundy Dismissed

Harry Bundy, 42, of 1646 So. 3rd was acquitted Friday by Lancaster District Judge John Polk of a charge of contributing to the delinquency of minors.

Judge Polk dismissed the charge "for insufficient evidence" and discharged the jury which heard the case.

Bundy was charged in connection with an April 15 incident in which seven adults were arrested following an alleged drinking party in the presence of four small children.

Bundy contended he was asleep on a sofa at the time.

City Of York Challenges State Action

Officials of the city of York filed a demurrer with the State Supreme Court Friday against the state concerning a law which helps a city to locate industry by allowing the city to build plants.

An original action in the matter was filed by the attorney general, C. S. Beck, at the direction of the governor.

The state's petition claimed the law permitting cities to build plants, through issuing of industrial revenue bonds, was unconstitutional.

The demurrer filed by the city councilmen of York Friday held that the state "fails to state facts sufficient to constitute a cause of action."

Gov. Victor Anderson directed the attorney general's filing to determine the constitutionality of the law, passed by the 1953 Legislature. The governor at the time said that many millions of dollars were involved.

It was noted at the time that bonding attorneys representing bonding houses would not accept the revenue bonds unless the law was declared constitutional.

Dr. Watkins Urges Teachers Vote On Truck Fine Issue

Dr. Steven Watkins, Lincoln superintendent of schools, urged teachers Friday to vote on constitutional amendment No. 1, while would change the method of distribution of fines and penalties for overloaded trucks in Nebraska, in the November election.

"While I cannot tell you how to vote," he said, "this amendment means one more step in taking away from schools and putting more pressure on the property tax."

He said that 75 per cent of the money derived from the fines would be used for roads and 25 per cent for county funds, making no provision for schools.

"We need to work to broaden the tax base," Dr. Watkins said. He spoke at the general business session of the Nebraska Education Association.

4,000 Attend Annual Firemen's Ball Here

Some 4,000 persons attended the annual Firemen's Ball at the University of Nebraska Coliseum Friday night, officials said.

With a large number of persons watching from the balcony and hundreds of couples dancing to the music of Sammy Kaye, the crowd was "one of the best ever," firemen said.

Municipal Court Receipts Increase; Cases Up By 517

Receipts of the Municipal Court increased \$26,327.19 during the 1955-56 fiscal year as the number of court cases climbed by 517.

For the year ended Aug. 31, 1956, the Court collected a total of \$328,736.13 in civil costs and criminal costs and fines. Last year's receipts hit \$212,408.94.

During the 1955-56 year, civil cases numbered 820 and criminal cases hit 17,725 for a total of 18,545. The total number of cases for the preceding year was 18,028.

The annual audit of the Court also showed receipts of \$73,963 for the parking and inspection violations bureau.

Freshman To Play Lead At Wesleyan

Marilyn Henry, Nebraska Wesleyan University freshman from North Platte, will play the feminine lead in the Plainsman Players first production of the season, "The Solid Gold Cadillac."

Miss Henry will portray Laura Partridge, the small stockholder in General Products Incorporated, who turns the corporation and Wall Street upside down.

The play is scheduled for October 31 through November 3, in the Enid Miller Theater.

City Of York Challenges State Action

Officials of the city of York filed a demurrer with the State Supreme Court Friday against the state concerning a law which helps a city to locate industry by allowing the city to build plants.

An original action in the matter was filed by the attorney general, C. S. Beck, at the direction of the governor.

The state's petition claimed the law permitting cities to build plants, through issuing of industrial revenue bonds, was unconstitutional.

The demurrer filed by the city councilmen of York Friday held that the state "fails to state facts sufficient to constitute a cause of action."

Gov. Victor Anderson directed the attorney general's filing to determine the constitutionality of the law, passed by the 1953 Legislature. The governor at the time said that many millions of dollars were involved.

Estes Charges 24 States Coping With Unemployment Despite GOP Job Aid Promises

By B. L. LIVINGSTONE
READING, Pa. (AP) — Sen. Estes Kefauver said Friday that 24 states are currently coping with unemployment "despite Republican efforts to convince you that you've never had it so good."
"Whistle - stopping" by motorcade across the Pennsylvania

Nixon Makes Direct Attack On Morse In Oregon Drive

By JOHN HALL
MEDFORD, Ore. (AP) — Vice President Nixon made a direct attack Friday night on Sen. Wayne Morse (D-Ore.), declaring that Eisenhower supporters who vote for the senator will be "casting two votes which are diametrically opposed."
Nixon flew here to support the candidacy of former Secretary of

County Attorney Brief Is Filed In Douglas Election Case

The third appellant in the Douglas County attorney election case filed his brief with the State Supreme Court Friday. The case is to be heard Nov. 9.
Tom Kelley, who won the Democratic nomination for election to fill out County Attorney Eugene Fitzgerald's term, filed the brief.
Joseph R. Moore, who won the Republican nomination, and County Election Commissioner Herman Kupping, the other two appellants in the case had filed briefs earlier.

The question is whether Fitzgerald, whose term ordinarily would last two more years, vacated the office of county attorney when he filed for district judge.

Withdrew
He later withdrew from the district judge race, but the names of Kelley and Kupping already had been put on the primary election ballot.

The case went into District Court as a suit entitled Eugene F. Fitzgerald vs. Election Commissioner Kupping and Candidates Kelley and Moore.

Judge Edmund Nuss of Hastings ruled that there was a vacancy in the office and Fitzgerald appealed the case.

State Gets \$700 From 3 Estates

The estates of three Nebraskans will pay the state more than \$700 in taxes, the tax commissioner's office reported Friday.

Edward M. Assenmacher, RFD 2, Raymond, left a gross estate of \$215,992.58, of which the state of Nebraska will receive \$215.07. Assenmacher died April 11, 1954.

Cora M. Fisher, Chadron, who died Dec. 8, 1953, left a gross estate valued at \$171,041.29. State taxes on it are \$162.97.

Harry J. Lindeken, Chadron, who died Dec. 2, 1953, left a gross estate of \$191,403.30. State taxes are \$363.24.

Dutch country of the southeastern part of the state, Kefauver hammered away at what he called "calloused" breaking of promises on job aid by the Eisenhower administration.

In Pennsylvania, he asserted, unemployment has "skyrocketed" 47 per cent in the three years since

the Interior Douglas McKay, who is trying to unseat Morse, a No. 1 target of Republicans since he left the party four years ago.

The Vice President said in a prepared speech he had no doubt Oregon would give President Eisenhower a majority again this year.
But a person who supports both the President and Morse, Nixon said, "is voting to send to the Senate a man who has in the past and will in the future work against the President's programs."

"Does Not Apply"
Nixon said many Democrats had supported the President on foreign policy question but this "unfortunately does not apply to Mr. McKay's opponents." His judgment in voting against the majority of both Democrats and Republicans when he opposed the Formosa resolution has been proved to be dead wrong.

"The President's strong and firm leadership in this area avoided war on the one hand and surrender of territory on the other." This resolution, passed in January, 1955, put Congress on record overwhelmingly as backing steps Eisenhower considered necessary to preserve the independence of Nationalist China on Formosa and adjacent islands.

Nixon resumed aerial barnstorming in his chartered plane Friday for his last invasion of the Pacific Coast in the campaign.

Langlie Aid
Enroute here from Chicago he stopped at Great Falls, Mont., and at Walla Walla, Wash., to try to aid Republican Gov. Arthur Langlie in his fight to unseat Sen. Warren Magnuson (D-Wash.).

But the Vice President's principal effort for the day was the speech against Morse. He has said the senator, though popular, can be beaten this year because of the strong Eisenhower tide Nixon feels is running.

The Oregon Senate battle could be a key to control of the Senate in the next Congress and Nixon emphasized this point.
Nixon asserted that Democratic control of the present Congress "sabotaged the Eisenhower domestic program."

OMAHA JUDGES GET \$1,150 FOR CAMPAIGN

A list of contributions totaling \$1,150 was filed with the secretary of state's office Friday by Jay P. Gibbs, treasurer for the campaign fund of four Omaha district judges.
The contributions for the re-election campaign of Judges James M. Patton, Arthur C. Thomsen, James M. Fitzgerald and Herbert Rhoades were in \$25 and \$50 amounts from 24 Omaha attorneys and law firms.

ered a key election state by Democratic what he called President Eisenhower's claims "that prosperity it for Kefauver and Adlai Stevenson Nov. 6."

It was Kefauver's second campaign swing into Pennsylvania. A third has been scheduled for Nov. 2, although the itinerary has not been announced.
Gov. George M. Leader joined Kefauver at Lancaster and traveled with him throughout the day. Pennsylvania, with its important 32 electoral votes, is consid-

In a speech prepared for delivery at a Democratic rally in Reading, Kefauver contended that unemployment distress in parts of Pennsylvania does not square with

what he called President Eisenhower's claims "that prosperity reigns undisturbed across the land."

Distress Area
He took special note of the anthracite mining region of Scranton and Wilkes-Barre, which has been declared a job distress area for purposes of federal assistance.
Kefauver quoted Census Bureau figures stating that two million persons are jobless in the nation, and asserted unemployment is "especially troublesome" in Pennsylvania.

"Today, according to the Labor Department," he said, "Pennsylvania is trailing behind the rest of the nation in the number of gainfully employed. In all, 316,000 Pennsylvanians were reported out of work, and nearly 6,000 of them right here in Reading."

Kefauver said the Eisenhower administration was guilty of breaking many promises, "but none so plan 'any slam bang emergency program.'"

promise which seemed to offer hope of relieving suffering and privation in the job distressed areas."

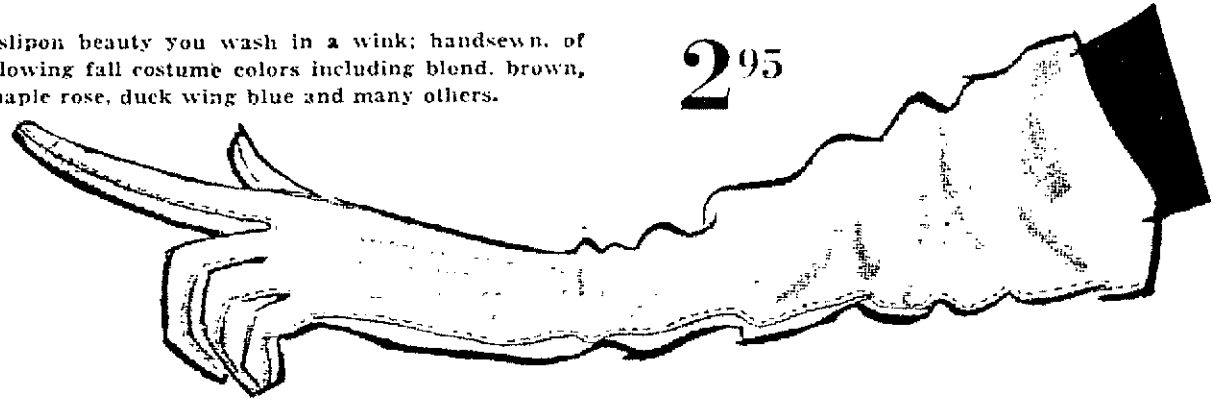

"Back in 1952," he said, "when he was hungry for high office, candidate Eisenhower pledged that he would enlist every resource to protect the worker 'against the awful consequences of joblessness.' But when unemployment spread in 1953 and 1954, President Eisenhower said he would not plan 'any slam bang emergency program.'"

Estes Charges 24 States Coping With Unemployment Despite GOP Job Aid Promises

By B. L. LIVINGSTONE
READING, Pa. (AP) — Sen. Estes Kefauver said Friday that 24 states are currently coping with unemployment "despite Republican efforts to convince you that you've never had it so good."
"Whistle - stopping" by motorcade across the Pennsylvania

Dutch country of the southeastern part of the state, Kefauver hammered away at what he called "calloused" breaking of promises on job aid by the Eisenhower administration.
In Pennsylvania, he asserted, unemployment has "skyrocketed" 47 per cent in the three years since

the Eisenhower administration took office.
The Democratic vice - presidential candidate came here from Lancaster after a day of stumping hamlets and crossroads before curious, but friendly crowds in normally Republican country. A light rain fell much of the time.

Gov. George M. Leader joined Kefauver at Lancaster and traveled with him throughout the day. Pennsylvania, with its important 32 electoral votes, is considered a key election state by Democrats, who have hopes of carrying it for Kefauver and Adlai Stevenson Nov. 6.

It was Kefauver's second campaign swing into Pennsylvania. A third has been scheduled for Nov. 2, although the itinerary has not been announced.
In a speech prepared for delivery at a Democratic rally in Reading, Kefauver contended that unemployment distress in parts of Pennsylvania does not square with

what he called President Eisenhower's claims "that prosperity reigns undisturbed across the land."
"Today, according to the Labor Department," he said, "Pennsylvania is trailing behind the rest of the nation in the number of gainfully employed. In all, 316,000 Pennsylvanians were reported out of work, and nearly 6,000 of them right here in Reading."

Kefauver said the Eisenhower administration was guilty of breaking many promises, "but none so calloused as the breaking of a promise which seemed to offer hope of relieving suffering and privation in the job distressed areas."

Nixon Makes Direct Attack On Morse In Oregon Drive

By JOHN HALL
MEDFORD, Ore. (AP) — Vice President Nixon made a direct attack Friday night on Sen. Wayne Morse (D-Ore.), declaring that Eisenhower supporters who vote for the senator will be "casting two votes which are diametrically opposed."
Nixon flew here to support the candidacy of former Secretary of

the Interior Douglas McKay, who is trying to unseat Morse, a No. 1 target of Republicans since he left the party four years ago.
The Vice President said in a prepared speech he had no doubt Oregon would give President Eisenhower a majority again this year.

Brief Is Filed In Douglas Election Case

County Attorney —
The third appellant in the Douglas County attorney election case filed his brief with the State Supreme Court Friday. The case is to be heard Nov. 9.
Tom Kelley, who won the Democratic nomination for election to fill out County Attorney Eugene Fitzgerald's term, filed the brief.
Joseph R. Moore, who won the Republican nomination, and County Election Commissioner Herman Kuppinger, the other two appellants in the case had filed briefs earlier.
The question is whether Fitzgerald, whose term ordinarily would last two more years, vacated the office of county attorney when he filed for district judge.

But a person who supports both the President and Morse, Nixon said, "is voting to send to the Senate a man who has in the past and will in the future work against the President's programs."
"Does Not Apply"
Nixon said many Democrats had supported the President on foreign policy question but this, "unfortunately does not apply to Mr. McKays opponents." His judgment in voting against the majority of both Democrats and Republicans when he opposed the Formosa resolution has been proved to be dead wrong.
"The President's strong and firm leadership in this area avoided war on the one hand and surrender of territory on the other." This resolution, passed in January, 1955, put Congress on record overwhelmingly as backing steps Eisenhower considered necessary to preserve the independence of Nationalist China on Formosa and adjacent islands.
Nixon resumed aerial barnstorming in his chartered plane Friday for his last invasion of the Pacific Coast in the campaign.

Langlie Aid
Enroute here from Chicago he stopped at Great Falls, Mont., and at Walla Walla, Wash., to try to aid Republican Gov. Arthur Langlie in his fight to unseat Sen. Warren Magnuson (D-Wash.)
But the Vice President's principal effort for the day was the speech against Morse. He has said the senator, though popular, can be beaten this year because of the strong Eisenhower tide Nixon feels is running.
The Oregon Senate battle could be a key to control of the Senate in the next Congress and Nixon emphasized this point.
Nixon asserted that Democratic control of the present Congress "sabotaged the Eisenhower domestic program."

State Gets \$700 From 3 Estates

The estates of three Nebraskans will pay the state more than \$700 in taxes, the tax commissioner's office reported Friday.
Edward M. Assenmacher, RFD 2, Raymond, left a gross estate of \$215,992.58, of which the state of Nebraska will receive \$215.07. Assenmacher died April 11, 1954.
Cora M. Fisher, Chadron, who died Dec. 8, 1953, left a gross estate valued at \$171,041.29. State taxes on it are \$162.97.
Harry J. Lindeken, Chadron, who died Dec. 2, 1953, left a gross estate of \$191,403.80. State taxes are \$363.24.

OMAHA JUDGES GET \$1,150 FOR CAMPAIGN
